RE: HUMAN TRAFFICKING OF AMERICAN CHILDREN AND PARENTS ON AN INDUSTRIAL SCALE ACROSS THE U.S.A. IS CAUSING DEATH AND DESTRUCTION IN YOUR NEIGHBORHOOD. MORE THAN 120 MILLION AMERICANS ARE BEING FATALLY TARGETED. NEW YORK'S "WALL STREET" AND THE REST OF THE GLOBE HAVE ALSO BEEN DUPED. WITH MORE THAN A DOZEN DYSTOPIAN STATE OFFICES HIDDEN WITHIN "DEEP STATE UTAH" REVEALED AND MORE THAN 40 NAMES NAMED AS PART OF THESE "OFFICES," THIS DOCUMENT PULLS BACK THE CURTAIN AND PRESENTS A JUSTIFIED PATHWAY FOR AMERICAN CITIZENS ACROSS THE U.S. TO TAKE LAWFUL ACTION, WITH OR WITHOUT THE PRESIDENT.

(Updated June 29, 2025)

Greetings,

I didn't go to Harvard, but 26 years ago I was hired as an analyst of sorts by someone who did. What you are about to discover isn't just because for the past seven years my world has been on fire, but for the past four decades the entire world has been secretly burning...

To steal billions of dollars from "the good parts" of the federal government on behalf of deceptive layers within their states and to destroy the U.S.A., a private association known as "AFCCNET.ORG" that is made up of more than 6,000 deceptive "judges," "attorneys" and "psychologists" and their ad hoc copycats have deceptively colonized hundreds of local "courthouses" to commit the beginning layers of human trafficking on an industrial scale disguised as "legal cases."

As part of proliferating this hellscape of nation-destroying atrocities and keeping it all hidden for more than 40-years, these "imposters" also collude with each other to eliminate parents one-by-one and disguising it as part of those "legal cases" (or as more "legal cases" depending on the many layers of the other deceptive, colluding imposters involved.)

To do this, the imposters intentionally induce dystopian spirals for the targeted parent of escalating dis-association, alienation and scapegoating by threatening one parent to induce ruin and alienation into the life of the targeted parent in unthinkable ways familially, professionally, socially and beyond. Without any regard to the lives of the children or the parents, the imposters do this through forgeries, false allegations and manipulating the parent into committing ongoing "court order" violations against the targeted parent's.

In Utah, across the U.S. and beyond, examples of hundreds of enabled violations undermining and canceling days, weeks or months of "parent time," events, holidays, travel plans and other causing other counterintuitive atrocities for the targeted parent are everywhere.

The targeted parent is then severely punished by the imposters with more escalating atrocities for any reaction to these escalating atrocities by the targeted parent that is other than the targeted parent responding with, “ok” every time no matter how devastating or disruptive the ever escalating atrocities are until the scapegoating tragedy the imposters want finally happens.

As part of this, there are also countless, multi-layered examples in Utah, across the U.S. and beyond, of the deceptive, colluding layers of imposter’s mis-creating “false goal-posts” for the targeted parent to ruin themselves pursuing for months while being unlawfully “removed” and alienated as a parent, only for the imposters to ignore the false goal-posts every time the targeted parent eventually reaches them, then the imposters mis-create new false goal-posts and the nation-destroying atrocities continue until tragedy happens.

Anything that can be deceptively mis-created and scapegoated by the imposters to escalate the dis-association and alienation in spiraling ways for the targeted parent is the dark core of the imposter’s nation-destroying atrocities.

As an unknowing scapegoat for the imposters, the parent that is deceptively scapegoated first to target the other parent in these dystopian atrocities is often already suffering from other forms of dis-association from other “mis-societal” forms of trivialization, invalidation and alienation that targeted them long before they ever met the parent they are now targeting in these fatality inducing ways on behalf of the imposters.

Without either parent knowing that it is the ongoing, fatal levels of monetization and exploitation of the children that the imposters are really after, and then the imposters eliminating both parents one-by-one to keep it all hidden, more often than not, these nation-destroying atrocities result in the targeted and dis-associated parent committing suicide or other preventable tragedies happening sooner than later.

Among the deceptive, colluding imposters, these fatality inducing, indisputable patterns of atrocities are colloquially known as: “The Silver Bullet.”

“Swatting” is when a person makes an exaggerated, false report against another person hoping “the SWAT team” shows up, and in the confusion, puts a bullet in the targeted person’s head. “Swatting” can also be done by deceptive, colluding layers of local

“police departments,” the “FBI,” the “U.S. Marshals,” “Homeland Security,” “DEA,” “ICE,” etc...

If the imposter’s schemes fail to “remove,” “silence” or “eliminate” the targeted parent with the escalating dis-association, sooner-than-later, the imposters then commit worse atrocities by also colluding with deceptive layers of local "police departments" to deceptively escalate the atrocities.

Deceptively disguised as a “planned police encounter to talk about allegations” or other falsified “exigent circumstances,” among the most sinister layers of imposters and their corrupt, colluding cops, this is part of orchestrating a ritualistic “stalking” and fatal "swatting" of the targeted parent.

If the deceptive, targeted swatting fails to kill the targeted parent, to cover their tracks, the corrupt cops will then immediately kidnap and unlawfully imprison the targeted parent and commit more forgeries to disguise the kidnapping as a “lawful arrest.” The deceptive, colluding imposters in deceptive layers of local “jails” and the local “courthouses” will then unlawfully hold the targeted parent in jail for weeks, months or years without ever allowing the targeted parent to have a proper “attorney,” a proper “hearing” or a proper “trial.”

As time goes by, the imposters do this while also counterintuitively threatening the targeted parent with “many years in prison” hoping those threats in those terrifying, unpredictable, falsified, dis-associating circumstances for the targeted parent, will finally cause the targeted parent to commit suicide in jail while also allowing the imposters to arrange for the targeted parent to be killed in jail or as a scapegoating way for the imposters to force the targeted parent to agree to “a few years” in prison also without every having a proper “attorney,” a proper “hearing” or a proper “trial,” so the imposters can successfully and deceptively “remove,” “silence” and “eliminate” the targeted parent for those years (or longer) that way, which also increases the chances of a fatality happening for the targeted parent in jail or out-of-jail.

As time goes by, if the targeted parent refuses to take this deceptive bait of agreeing to “a few years” in prison without ever having a proper “attorney,” a proper “hearing” or a proper “trial,” to vindicate the targeted parent from the imposter’s false allegations, the colluding imposters will deceptively stage the “release” of the targeted parent from being held hostage in jail so the imposters can individually and collectively continue

the deceptive, fatal cycles of stalking and swatting the targeted parent or successfully inducing the targeted parent to commit suicide.

By simply staying alive in the escalating dis-association, whether they are being held hostage in “jail” or not, with every breath the targeted parent takes, they are beating the imposters at their own game and the imposters know that because “breath” is the last thing the imposters want the targeted parent to have. Breath-by-breath, the targeted parent simply breathing also increases the chances of the imposters not being able to wrongfully remove the targeted children into the deeper and deeper, fatal layers of the monetizing and exploiting schemes.

However, the longer the targeted parent stays alive, the worse and worse the imposters will make it for the children and for the targeted parent until tragedy happens for a child, the targeted parent or all of them. This is part of why the imposter’s nation-destroying atrocities have been so effective at causing so many critical layers of the U.S.A. to not just invisibly fail but to be weaponized in prolonged, fatal ways against millions of American children, parents and other citizens over the past 40 years.

The reason the imposters do this to parents one-by-one and why it is so effective is because after eliminating the targeted parent first, it is much easier for the imposters to “remove,” “silence” or “eliminate” the second parent because of that long list of forgeries, false accusations and intentionally broken court orders that the imposters forced the first parent to commit and that the imposters then turn the tables with.

While these nation-destroying atrocities have stayed hidden for more than 40 years, over the past year or two, through the good parts of social media, occasionally, the parent unknowingly turned into a scapegoat first, finally discovers the insidious truth before it’s too late. This includes that the imposters would eventually “remove,” “silence” or “eliminate” that parent too. That parent then changes course as a way to save the children, the other parent and themselves. However, this almost never happens because the imposters stop at nothing. This includes that because of the “broken scoreboards” that the other parts of “social media” have become as well as the different “brand’s” other intentional or unintentional shortcomings, the imposters are easily able to misuse “social media” to “shadow ban” any targeted parent who tries using social media and hashtags like #familycourt, #courtnapped, #parentalalienation and others to try to share their stories and warn others. This is in addition to the other

selective, nation-destroying atrocities proliferated through unchecked, warring layers within each social media brand and between each social media brand not just “TikTok” (controlled by warring, institutional shareholders of ByteDance), “YouTube” (controlled by warring, institutional shareholders of “Google,”) and “Facebook & Instagram” (controlled by warring, institutional shareholders of Meta).

(As deceiving as these deceptions are, do not jump to short-sighted conclusions and mis-interpret that these billion dollar deceptions are the billion dollar way that “Wall Street” has been deceived by these nation-destroying atrocities as referenced in this document’s heading. The name of a specific, billion dollar entity that is “Spectrum Equity” with offices in San Francisco, Boston and the U.K. is about to become much more relevant in nation-destroying ways than its countless investors could have ever imagined. Yet, even that is not the end of how “Wall Street” has been deceived by these atrocities.)

If you’re still a little ahead of the curve and it seems like the nation-destroying imposter’s commit these atrocities because their ultimate, deceptive mis-purpose is to cause an American child to die and cause both American parents to die, then unfortunately you are absolutely right.

(If you’re still a little ahead of the curve then that also means that by now you’ve already “liked, posted and shared” this unprecedented, saber melting document with every loved one you have. If the “good news” of this document was shared with you in “paper form,” this document and other resources can be found at [linktree.com/operationwalkout](https://linktree.com/operationwalkout).)

Commissively and omissively causing “death” is the imposter’s ultimate, mis-purpose because instead of just stealing from credit cards, bank accounts, retirement savings and home equity with that death, the imposters can also collude with others to steal from life insurance after that death as part of the hundreds of thousands of dollars in ever increasing, falsified “fees” they individually and collectively falsify and steal in “mal-reciprocating” ways as part of it all.

The death also makes it much easier for the imposters to keep it all hidden by the imposters aggressively blaming the dead parent (or dead parents) as part of their dark tradecraft with a playbook of insidious scripts to use about the dead, targeted parent. That includes: “they were having a mental health crisis,” “they were having lots of

legal problems,” “they were a danger to themselves and others” and on and on while at the dead parents funeral the imposters insidiously pass out their own pre-printed “business cards” and pre-printed flowery that say things like “MENTAL HEALTH AWARENESS” just in case the paid, local news shows up to “report” on another parental suicide or worse.

Regardless of what short-sighted, deceptive “labels” were deceptively pre-assigned to that targeted “family” by the virtue signaling, fatality inducing imposters, this is part of why each child, unknowingly on the way to their own fatality inducing exploitation, escalating dis-association, alienation and isolation never knows what really happened to their targeted parents, what is really happening to them from escalating moment-to-moment or what really happened to their targeted family.

With the targeting of one parent first underway, the children’s names are unlawfully entered into the beginning layers of the imposter’s fatality inducing, monetizing and exploiting schemes. This includes the imposters falsifying paperwork to be misused for deceptive forms of "guardianship" and often includes a name of a deceptive, colluding, nation-destroying "Guardian Ad Litem Attorney" or in Utah, an even more deceptive— "Private Guardian Ad Litem Attorney"—who is also a member of the private association—with or without the targeted parent already being wrongfully “removed,” “silenced” or “eliminated” as the child’s parent.

With the exception of the deceptive appearance of the “on-paper,” “assigned,” “Ad Litem Attorney” appearing for a superficial, staged “hearing” deceptively held every few weeks as part of the imposter’s escalating dis-association against the targeted parent, this deceptive, superficial, virtue signaling "role" is deceptively assigned “on paper” by the imposters in unconscionable, impossible ratios because the superficial “roles” are never actually fulfilled in the critical ways the imposters claim to be fulfilling them from day-to-day.

Even the private association’s own numbers don’t match up when it comes to “claimed visits” initiated by the “Ad Litem Attorney” with the child and the targeted parent. To the imposters, for their fatality-inducing, superficial deceptions,  $1 + 1 = 3$  (or whatever they want it to equal depending on the different layers of the atrocities and what subsidies they are targeting.  $1 + 1$  might equal 1,000,000,000 to them.) The imposters also count the staged, monthly “hearings” as “monitoring visits” even though the child may or may not be present at the staged “hearing.” The imposters do this because the

staged monthly hearings also increase the imposters monetizing and exploiting schemes in exponential ways and keeping it all hidden.

These superficial, staged hearings are also part of the deceptive, colluding imposter's "Doctoring The Docket," individually and collectively, commissively and omissively, with one ongoing layer of falsification after another to fabricate the mal-reciprocating false narratives the imposters rely on to commit their nation-destroying atrocities and keep them hidden.

If you're not familiar with the term "gaslighting" this is also an example of how the imposters have weaponized "gaslighting" as part of "The Silver Bullet" by operating on the dystopian, Dark Psychology of "make false accusations against a target that include saying they are crazy, then do unthinkable things to make them look crazy (the more unthinkable the better) and then do this in more and more unthinkable ways until they die and then tell everyone how crazy they were and how hard it was for you."

Unlawful, unpredictable and terrorizing forms of "supervised visitation" (by dystopian, untrained "supervisors"), "forced foster care" (that is far more dystopian than "care,") fabricated "psychological evaluations" (an even darker form of dystopian gaslighting,) deceptive "reunification camps" (an unthinkably dystopian form of "camp") and other dystopian schemes proliferated through the imposter's deceptive "psychologists" all proliferated as part of those mis-created, ever increasing, impossibly escalating, ongoing "per hour," "per placement," "per day cycle," "per week cycle," "per quarter cycle," "per annual cycle," costs as part of those falsified "fees." Deceptive, colluding "forensic accountants" are also thrown in the mix by the imposters to be sure nothing that can be stolen from both parents and the children isn't stolen then or in the future.

After passing one "psychological evaluation" offered by a non-imposter psychologist who was not a member of the private association but that "psychological evaluation" counterintuitively going ignored by the imposters at the time, as part of the escalating atrocities, I was then forced by the imposters to wait seven months from July 2023 - December of 2023 while being unlawfully "removed" as a parent to my youngest daughter who was 7-years-old at the time, for me to "start" the "ongoing" process of a "psychological evaluation" to be "conducted" by a "psychologist" who is a member of the private association, to "take ongoing measures" to "determine" if I was "having a

mental health crisis, why I was having so many legal problems and if I was a danger to myself and others.”

After waiting 6 months for one visit in mid-December of 2023 that included a 30 minute, trivial, kindergarten-level, “bubble sheet” questionnaire and less than 45 minutes with the imposter “psychologist” who asked zero questions, I was then “ghosted” by the imposter “psychologist” for two more months before learning of an “emergency hearing” that the imposters had suddenly “ordered” to further “remove,” “silence” and “eliminate” me as a parent based on the imposter “psychologist’s” “psychological evaluation” because he had somehow, in his magnanimous-all-knowing-presence in those 45 minutes over the past 8 months of terror, suddenly determined that in fact, according to his expertise, I was most definitely “having a mental health crisis, that I was having lots of legal problems and that I was a danger to myself and others.” At the time he also didn’t know that I had previously passed a much more comprehensive “psychological evaluation” months before the imposters short-sightedly and misguidedly ferried me to him to “exploit,” “blame” and “eliminate” me too.

The day of the “emergency hearing:” February 12, 2024. The day of the first attempted fatal-swatting that didn’t materialize into what the imposters mis-intended it to.

(Oh and by the way, the distance from my house in Holladay, Utah to the imposter “psychologist’s” “Mount Logan Clinic” in Logan, Utah? 200 miles round trip for me to drive for the imposter’s “psychological evaluation.”)

As part of the imposter “psychologists” comprehensive “psychological evaluation,” he didn’t even have “lab work” or a “drug test” done. The “psychological evaluation” I had previously passed did. As part of being “comprehensive,” the previous one also involved more than one visit and the office of that psychologist was only a few minutes from my cozy casita. It took only 10 days of waiting in between scheduling the “psychological evaluation” and having the first appointment with a friendly non-imposter and the rest was wrapped up in the couple weeks after that and it was all paid by my “Select Health Utah” insurance, with not even a copayment.

For me, the imposter’s “psychological evaluation” was also supposed to have been covered by my Utah based “Select Health Insurance” like the previous “psychological evaluation” was and I confirmed this several times in the months of waiting but when

the imposter “psychologist” learned that I had been sent to him by members of the private association in the Matheson Courthouse Complex in Salt Lake City, he immediately refused to accept my insurance and changed the course of what the “psychological evaluation” would be.

This included the imposter “psychologist” demanding a \$2,000 fee be paid “up-front on a card” as a “retainer” instead, that insurance “would not cover-it,” and “that the ongoing amounts would be “\$20,000 - \$30,000 over the next few months” and that they would need to be paid up-front on a card too.” Even though the imposter “psychologist” as an “approved provider” of “Select Health Insurance” committing these nation-destroying atrocities is also “insurance fraud” on his part, “Select Health Insurance” has yet to follow up with me on the three reports I filed with them more than a year and a half-ago (one directly to their CEO).

During the waiting as day-by-day, turned into week-by-week then month-by-month, as another escalating layer of the imposters escalating atrocities, I was also required “supervised visitation” for any time spent with my daughter. The time had to be scheduled and approved weeks ahead of time and if it actually occurred it cost a minimum of \$130 for a 1.5 hour visit and the visit had to be at a public place regardless of other challenges that would bring for keeping my then 7-year-old comfy as a busy, snack-needing, drink-sipping, bathroom-breaking 7-year-old.

As another escalating layer of the imposters escalating atrocities, over those eight months leading up to the first swatting attempt of February 12, 2024 and the mal-reciprocating, ongoing layers of events before and after it, combined with the reciprocating morsels of truth I was discovering and revealing in new ways during those agonizing moments, there were also over 75 “supervised visits” that were supposed to happen but didn’t in one unthinkable way after another. Because of that, the unpredictable, agonizing weeks would go by from moment-to-moment without any time together with either of my daughters and unpredictable communication with both of them on top of it as another, special kind of hell.

“Supervised visits” with my 7-year-old that did suddenly manifest, were required to have that untrained, dystopian stranger within arms reach at all times no matter what we were doing. A picnic. Swings. Flying kites. Bike riding. Anything. For bathroom breaks the strangers disguised as “supervisors” told me I needed to wait “outside” while they escorted my daughter inside. That rotating cast of strangers was also

responsible for escorting my daughter to and from me while I waited in the distance for my daughter to arrive or leave during the handful of times over those 8 months that those impossibly expensive but absolutely necessary “supervised visits” happened regardless of the special kind of hell that came with them and that lingered long after. I was glad that at the very first lie an imposter ever told in what used to be my local courthouse in October of 2018 the first thing I did after was go home and dump out any bottles of anything that could possibly make me less-than-bright if even for a moment, rather than pouring it.

...After the children are entered into the beginning layers of these atrocities by the imposters, if both parents are "removed," "silenced" or "eliminated," even temporarily, the children are then wrongfully removed from one deceptive place to the next and eventually consumed by at least seven other sinister layers of “child trafficking.”

"Child Sex Trafficking" is just one of those seven layers and for some reason is the only one that misguided layers of the “FBI” virtue signal and attempt to publish “estimated end data” about.

This continues to be confirmed by more and more whistleblowing reports rooted out from within deceptive layers of more and more “states.” The reports include thousands of American children "missing" from those deceptive, “temporary” forms of “Ad Litem Guardianship,” “supervision,” “foster care” and the other deceptive, “state systems.”

This insidious, nation-destroying conflict of “selective in-action” mis-rooted in “selective reporting” by “publications” like “Rolling Stone Magazine” includes that in January of 2024, “Rolling Stone Magazine” magazine published an article about layers of the “FBI” acknowledging that of the estimated “199,000 American children” being “sex trafficked” every year, 75% of them come from "state systems” including “foster care.” However, those layers of the "FBI" and the article failing to acknowledge that over the past 40 years, the collective millions of “sex trafficked American children” were “targeted” and wrongfully removed by the deceptive, colluding imposters into those “state systems.”

The article also mentions nothing of the private association or of its 6,000 different types of deceptive, colluding “judges,” “attorneys” and “psychologists” or the

indisputable patterns of “The Silver Bullet” and millions of targeted American parents being exploited, blamed and eliminated one-by-one.

This is even though it continues to surface that in regards to the private association and its millions of victims over the past 40 years, in increasing amounts over the past 15 years and especially over the past 2 years, federal cases have been filed in local federal courts by different survivors but the cases go deceptively silenced by other colluding imposters in those federal courts.

This “Rolling Stone Magazine” article is one of many publications in print, digital and video media over the years that indisputably confirms that in the imposter’s “Divided States of Dystopia,” American children don’t have to be “raped,” “missing” or “dead” to already be “trafficked” and on their way to being “raped,” “missing” or “dead” very soon and that the many different layers of the “FBI” don’t know this or they do know this and for some reason they have no intentions of ever stopping it.

Books have also been published and kept hidden. Keith Harmon Snow reportedly published a book in 2015 about the deceptive trafficking of American children by the private association in some of these layers that is hard to find a copy of. It was titled “In the Worst Interests of the Child” because the private association deceptively uses the phrase “in the best interests of the child” as their insidious, superficial, virtue signaling, nation-destroying marketing mantra. (As part of “Doctoring The Docket” and deceptively building their false narratives, the word, “concerning” is also taught among the imposters to be used over and over again in staged “courtroom” hearings and doctored reports. In some misguided law school courses this deceptive, nation-destroying tactic is more broadly referred to as: “Reptilian Law Theory and Practice” as part of “The Silver Bullet.”

Documentaries have also been made shining different lights on parts of these nation-destroying atrocities including: “Erasing Family” (2024) and “Divorce Corp.” (2014.)

In 2011, the late Nancy Schaefer who had served as a senator in Georgia from 2004-2008 and her husband were found shot to death in their home after she had been sharing a report of her own for three years prior and had been exiled from the Georgia State Legislature for sharing it. She was 73. (The local police department dismissed the ill-timed deaths as a counterintuitive “murder suicide.”)

Former pop-star Britney Spears doesn't know it, but for the past 20 years she has survived the private association trying to steal millions of dollars from her and her estate by deceptively targeting her and attempting to cause her to commit suicide as their way of scapegoating her and keeping it all hidden. Deceptive, colluding members of the private association's "California Chapter" even bragged about targeting her and other "high value targets" at a conference about 20 years ago. It seems that as a child, the late "Top Gun" actor Val Kilmer's mother and father were also targeted decades ago and that contributed to years of tragedies in his family including the death of his 16-year-old brother at the time. In addition to millions of "non-public" targeted families, there are many other examples of "public family lives" that were also deceptively exploited, blamed and eliminated in private as part of being targeted by the nation-destroying private association.

"Imposter Americans" who are "Imposter Democrats" or "Imposter Republicans" deceptively comprising the 535 member "U.S. Congress" (as of June 2025) have also become very good friends of the private association over the past 40 years.

This includes the notorious Ron Wyden (D-Oregon) who claims to be a follower of Judaism ("Jewish") and who has also been an "Imposter American" in U.S. Congress as a member of the U.S. House or U.S. Senate for 44 years. With the late Orrin Hatch (R-Utah) who claimed to be a follower of "Mormonism" and who was in U.S. Congress for 42 years, Wyden and Hatch (who both have "law degrees") turned a blind-eye to these atrocities together as leading members of the same committees or otherwise.

This includes the "Senate Finance Committee" that they both were leading members of. Hatch in his 80's was "Chair" from 2015-2019 and during that time was also President Pro Tempore of the Senate. For a total of 8 years in the late 90's and early 2000's with a two year hiatus between 2001-2003 Hatch was also "Chair" of the "Senate Judiciary Committee." It was in this role that Hatch deceptively engaged in the nation-destroying practice of "logrolling" to force then President Clinton to appoint Ted Stewart as a Federal Judge in the Federal District Court of Utah. This was in November of 1999 during the culminating days of the three or so year-long countdown to the globe-destroying technology glitch that the opportunistic paid parts of the media liked to say would be caused by "Y2K." (Stewart was a former clerk to Hatch in the 80's and was appointed by Hatch to be in other roles for Hatch after that.)

Wyden was “Chair” of the “Senate Finance Committee” from 2014-2015 then again from 2021-2024. For the 25 years of 2001-2025 only three other imposter U.S. Senators have been “Chair” of the “Senate Finance Committee.” Since 2001 the parasitic corruption in this deceptive red-white-and-blue rug shakes out like this: Max Baucus (D-Montana), Chuck Grassley (R-Iowa), Max Baucus, Chuck Grassley, Max Baucus, Ron Wyden, Orrin Hatch, Chuck Grassley, Ron Wyden, Mike Crapo (R-Idaho.)

Like Hatch did, Wyden continues to show that his interests too have always been in deceptively using the U.S.A. as a multi-billion-dollar-funny-money-laundering-scapegoat with no regard for the lives of American children or parents. These atrocities also revealing Wyden to be an “Imposter Jew” instead of a “True Jew” and Hatch to be an “Imposter Mormon” instead of a “True Mormon.” (Like Hatch, Crapo’s record reveals that he too is also an “Imposter Mormon.”)

Like countless other mal-reciprocating “roles,” time will tell if this dystopian history of the “Chair” of the “Senate Finance Committee” is due to levels of “insidiousness,” “cognitive dissonance” or some sort of mis-morphing “spectrum” among those imposters in those “roles.”

If you are an American citizen and you’re a little rusty on what the “Senate Finance Committee” is, the short answer is this: There is a phrase, "Poverty exists not because we cannot feed the poor, but because we cannot satisfy the rich." The “Senate Finance Committee” is the reason for this phrase. (If you haven’t “liked, posted or shared” this document with your loved ones yet, now is the time.)

In addition to Wyden there are 334 current members of U.S. Congress who are funded by the deceptive, superficial “American Israel Public Affairs Committee” (AIPAC) founded in 1963 (whether they claim to be “Jewish” or not), who individually and collectively continue to show how AIPAC too has always been an “imposter” using the U.S.A. as a multi-billion-dollar-funny-money-laundering-scapegoat for it’s mis-purposes.

As such, AIPAC too never has and never will represent the interests of “The U.S.A.,” of “True Jews” in the U.S.A., of “True Jews” in “Israel” or of “True Jews” anywhere else.

This may be because without knowing it or without knowing the full scope and scale of it, AIPAC itself seems to have also always been a “scapegoat” deceptively created by the most sinister layers of imposters deceptively hijacking and hiding behind “the good parts” of the “U.S. Government” (aka “The Deep State”) as part of the most sinister layers of “The Deep State’s” mis-creation and laundering of untold billions of dollars of “funny money” every year as another way to deceptively legitimize it for “The Deep State’s” own deceptive mis-purposes that for the past 40 years have come back on the all of the U.S.A. (including “The Deep State”) and beyond in even worse ways.

The superficial, deceptive, alienating, trivializing, invalidating, antagonizing, scapegoating, mis-blaming broken-revolving-door that AIPAC has become confirms this.

Although there are rumors of “dozens” of “members of U.S. Congress” counterintuitively having “dual citizenship” with “Israel” under the banner of “Judaism,” these rumors are yet to be confirmed and may be more deceptive propaganda designed to keep people blaming “dual citizenship with Israel” and settling on that as the invisible, elusive culprit of “The Deep State’s” atrocities rather than looking into the counterintuitive control of Congress that AIPAC deceptively has as well as the counterintuitive “top down” control of other organizations and entities AIPAC as a “scapegoat” also deceptively has including using “evangelical christian churches” in critical districts across the U.S.A.

More and more members of U.S. Congress continue to come forward with stories about how they were smeared through these counterintuitive “christian” churches after they refused to bow to AIPAC’s psychological saber rattling. AIPAC also retaliates against those who don’t do what they want in other ways. The most recent list of AIPAC funded members of U.S. Congress includes Ron Wyden at #13 with \$1,280,376. Both Romney and Hatch took in about \$1 million from AIPAC which is counterintuitive given Hatch’s 42 year term and Romney’s 6 year term (2019-2025) and was likely just a superficial funding to keep them camouflaged among the deeper layers of “The Deep State” pack.

In addition to Wyden and Hatch, there are about 28 other past or current members of Congress who were also “members” of congress for 40+ year “terms” and who’s terms

also included at least 20 years since 1980. (Hatch's 42 year term started in 1977. Wyden's term at 44 years and counting started in 1981.) As of 2025 Wyden is 76. There are also 34 other past and or current members of Congress who's 30+year "terms" also included about 20 years since 1980 and there are others who's 20+ year terms include a majority of that time being after 1980 too.

"1980" is critical because this is when the "540" members of "U.S. Congress" in 1980 whether they were knowingly or unknowingly in one layer or another, were collectively a part of "the good parts" of the federal government being used to pass deceptive subsidies with layers of different names that had been deceptively created in nation-destroying ways in the months leading up to 1980 and that since were twisted in different nation-destroying ways with similar or different sounding layers of names.

Of the more than 12,500 people who have been in U.S. Congress since 1789, it's impossible to fathom that since the 1980's or so less than "100" of them in different layers is all that was needed to deceptively pull-the-dark-strings that has turned our beautiful Earth into the hijacked lair of the imposter's hellscape of funny money laundering and human trafficking on an industrial scale and keeping it all hidden.

Only 62 or so of those "100" in just the past four decades were collectively needed to hijack more than 1,200 "term years" in nation-destroying ways that have directly and indirectly spilled the innocent blood of millions of American children, parents and other citizens. If the stars could weep for the lost potential of their selectively sea-salted and unsalted, gold-trimmed, silver-plated, copper-lined, iron-cored, blue, green and white neighbor with its billions of tongue-twisting, number crunching, picture painting bouncing babies of all ages and shades—all selectively powered by some of those same minerals—the sky would be soaked in space tears.

Those 1,200 "term years" during which these 62 or so members could have revealed what is being revealed now through these truths, through truths fearlessly uncovered by "DOGE" in early 2025 and through those truths fearlessly shined by other "global citizens" in the U.S.A. and beyond, but for "some reason" these 62 or so "members" of "U.S. Congress" with all their access to "federal information" and while being within arms-reach of each other instead used that to do the opposite and enable the private association's 6,000+ members and their many thousands of ad hoc copycats.

The same could be said about the other broken revolving doors of “personnel” and other “appointees” and “appointors” connected in mal-reciprocating ways to those 62 or so across a wide range of “departments” and “state sponsored offices” from the “governors offices” down.

Although the private association started in one form or another in California in 1963 then moved its headquarters to Florida in 1981 where it deceptively contracted with the “National Center of State Courts,” (founded in 1971) in Williamsburg, Virginia to serve as its “secretariat” before settling in Wyden’s state of Oregon a few months later in 1983, for the past 36 years (since 1989) the private association has been conveniently headquartered not far from Chicago (in Madison, Wisconsin.) For some reason it is also common for people in counterintuitive roles within Utah and across the U.S. to also have some sort of superficial “educational matriculation” connection to the “Chicago” area.

That “National Center of State Courts” in Virginia conveniently being just one of more than 60 “military” and “non-military” federal “departments” headquartered in Virginia (including CIA, DOD and the Pentagon) all within a 3.5 hour drive of each other (but not the U.S. Securities and Exchange Commission or the Coast Guard which are just over the Potomac River in D.C.) “Washington and Lee University” which is known for its counterintuitive methods of allowing students to take tests without any supervision under what it calls its “Honor System” is also in Virginia within that 3.5 hour drive. (Utah’s current governor Spencer Cox attended law school at Washington and Lee University.)

In addition to California, Washington and Vermont, “Virginia” is also one of four states that secretly allow imposters to become “attorneys” and “judges” in any state without actually going to law school (or even pretending to go to law school).

To take “the bar exam” through those states all an imposter-in-training-pants-or-panties needs is access to an imposter who has taken “the bar exam” before them and who is willing to “vouch” for them to take “the bar exam” without going to “law school.” (I’ll leave the reasons why one nation-destroying-imposter already in a secretly colonized, “cardboard courthouse” might “vouch” for a nation-destroying-imposter-in-training-pants-or-panties up to your imagination.)

With that “vouching” arrangement in place, all the nation-destroying-imposter-in-training-pants-or-panties has to do is get a — “D” — (or better) on the bubble-sheeted-to-be-black-bubble-filled “bar exam” and the imposter can get a “license” to be a practicing “attorney” or “judge” in any state without anyone knowing the imposter never actually went to “law school” (or even pretended to go.) As of February 2025 Gavin Newsom and Kamala Harris’ federally funny money funded country formerly known as “The State of California” will even allow imposters to take “the bar exam” online.

For those who didn’t know, this is how those generational “law firms” keep it “all in the family” with “Grandpa,” “Jr.,” “Jr. Jr.” “Jr. Jr. Jr.” and the occasional “Ms. all in the title. (If you’re not an imposter and you didn’t know this, make sure you write a patient and polite “Thank You” letter for the \$150K in “law school debt” you have judiciously racked up and send it to each of the “members” of “U.S. Congress,” each of the members of those four deceptive “state legislatures” and for good measure the Utah State Legislature as well as the “Dean’s Office” of your “local law school” who also judiciously proliferated and kept this secret from you.)

To execute its nation-destroying, global-controlling atrocities, the private association has chapters across the U.S., Canada, Australia, the U.K. and other countries (but not in Israel (whatever “Israel” really is.) In the U.S.A., the private association has chapters in Utah and 19 other states but the chapter in Utah continues to be revealed as the most derangedly evil by far. It is the most sinister layers of imposters in Utah that are behind this “chapter” that are responsible for this nation-destroying hellscape of human trafficking on an industrial scale across Utah, across the rest of the U.S.A. and beyond.

This is because going back about twelve years, when Utah’s current “Washington and Lee Honor System Educated” Governor Spencer Cox was "Lieutenant Governor" and the notoriously corrupt Gary Herbert was “Governor,” deceptive politicians within Utah colluded with the private association to secretly create more than a dozen deceptive “offices” across Utah to be secretly staffed by members of the private association with the bulk of them being hidden in Salt Lake City’s massive, deceptive 450,000 sq. ft., triple-winged, 8 level, “Matheson Courthouse Complex,” then, through deceptively “appointed” and “mis-matriculated” other “roles,” commandeering already existing offices to commissively and ommissively play along.

Ironically, or unironically at your leisure (whether you are “male” or “female,”) as you are about to indisputably discover, within the most sinister layers of Utah, whether they are knowingly or unknowingly in one layer or another, a majority of the most sinister imposters are mal-reciprocating females. This is not fair to the countless noble females who through schools, innovation, hired leadership, appointed leadership, elected leadership, homes, sports, laughter, thunderous courage or a little or alot of all of that have immeasurably improved the world in reciprocating ways rather than being imposters. In Utah, across the U.S. and beyond, this is another indisputable indication of the deceptive dystopia that the most sinister layers of imposter’s proliferate in worse and worse ways to commit their atrocities and keep them hidden.

Doing this was part of the most sinister layers of imposter secretly stealing hundreds of millions of dollars every year from “the good parts” of the federal government and those deceptively created subsidies and keeping it all hidden.

Because the money was so big and for a “spectrum” of other reasons (induced or not), there was no shortage of other “appointees” and “mis-matriculatees” mis-operating on the dystopian crossed wires required to deceptively fulfill these roles in these nation-destroying ways and to not ask any questions as they did so.

This hidden subsidy deceptively created in 1980 is known as “Title IV-E” and by 2024 it offered \$5.83 billion dollars in funny money to be stolen by the imposters from the unknowing, “good parts” of the federal government.

Title IV-E was first deceptively mis-created in 1980 under the illusions of helping American families in need of "guidance," "temporary guardianship" or "adoption." The transparent Jimmy Carter was President at the time. However, without any regard for the lives of American children and parents the subsidy was quickly twisted by those "Imposter Republicans" and "Imposter Democrats" with those “appointed” and “mis-matriculated” connections to the most sinister layers within "Utah" and other states.

In 1984 during President Reagan’s term, the “Comprehensive Crime Control Act” was initiated counterintuitively allowing “privately owned” prisons, county jails and city jails that could secretly be owned by the same imposter “judges,” imposter “attorneys,” imposter “police chiefs” and “imposter politicians” who unlawfully targeted innocent children, parents and other citizens and held them hostage in those

jails for weeks, months or years in exchange for kickbacks and other atrocities. In 1997 President Clinton signed an update to Title IV-E that was like dumping gas on these nation-destroying fires burning through every American town.

In 1997 “First Lady” Hillary Rodham Clinton was the “Honorary Chair” of the private association’s second “World Congress” and for the private association’s Winter Newsletter that year the “First Lady” drafted a one page article titled “Taking It Over” (an counterintuitive title for an article in the newsletter of an organization that claims to be “In the Best Interests of the Child” and that the “First Lady” was “Honorary Chair” of while also being the “First Lady.”

About 8 years ago, in the years leading up to 2018, Ron Wyden presented another nation-destroying twist of Title IV-E superficially named “The Family First Prevention Services Act” (FFPSA) and deceptively known as "Wyden's Bill." In 2024, as “Chair” of the “Senate Finance Committee” Wyden took the FFPSA to even more unconscionable, nation-destroying depths. With Crapo (R-Idaho), Wyden and Crapo pretended to be a resource for thousands of “whistleblowing” reports about the private association’s nation-destroying atrocities but then hid the thousands of reports that were painstakingly sourced, fearlessly compiled by thousands of targeted parents and fearfully but courageously sent in (out of fear of retaliation for publicly sharing their ongoing horror stories.) Crapo again proving his status as an “Imposter Mormon” rather than a “True Mormon.”

Months later, in 2025, Crapo replaced Wyden as “Chair” of the “Senate Finance Committee.” There are also counterintuitive connections to the other four “Chairs” of the “Senate Finance Committee” and other “roles.”

It’s important to note that in 2018 when Wyden’s FFPSA “update” was passed, Donald Trump was President. Perhaps time will tell like it has for counterintuitive actions of other Presidents, if President Carter, President Reagan, President Clinton and President Trump were “Dystopian Lords,” “Dystopian Pawns,” or “Dystopian Patsies” in individual or simultaneous layers of the most sinister layers of imposter’s counterintuitive, nation-destroying atrocities?

As part of these nation-destroying atrocities, stealing the most and keeping it hidden in Utah over the past twelve or so years, ten of those deceptively created, colluding “offices” staffed by members of the private association were deceptively created to

operate “off the radar” of the “public eye” by being called "Commissioners" instead of "judges" even though the “Commissioner Offices” issue "court orders" as "judges" and are acknowledged as "pseudo-judges" within Utah's own hidden laws.

All 10 “Commissioners” in those offices are “Ex Officio Members” of the private association. Even though they are deceptively disguised as “Commissioners,” their official, deceptive “titles” taken in “all caps” directly from the private association’s “Utah Chapter” website (AFCCUTAH.ORG) are: “HON. MICHELLE BLOMQUIST,” “HON. CATHERINE CONKLIN,” “HON. MARIAN ITO,” “HON. KIM LUHN,” “HON. JOANNA SAGERS,” “HON. MARLA SNOW,” “HON. MICHELLE TACK,” “HON. JULIE WINKLER,” “HON. CHRISTINA WILSON” and “HON. RUSSELL MINAS.” (Who ever would have thought that just 9 deceptive females and 1 deceptive male deceptively enabled to pose as “judges” would be enabled to fatally target, exploit, blame and eliminate at will from a population of more than 3.3 million Utah children, parents and other citizens and keep it all hidden for more than a decade?)

Another deceptive, colluding hidden “office” in Utah is called the “Office of the Private Guardian Ad Litem” and is deceptively hidden within the “Guardian Ad Litem” office of the Matheson Courthouse Complex. Its “staff” of “Ad Litem Attorneys” who are members of the private association have a history of being superficially supervised by imposters with direct or indirect membership in the private association as well. This currently includes Stacey Snyder, Kacy Crandall and Katy Brotherson. (It formerly includes one of Utah’s most notorious imposters “judge” Elizabeth Knight.)

In 2024 this hidden, deceptive, colluding “Office of the Private Guardian Ad Litem” with no “signage” anywhere inside the Matheson Courthouse Complex, kept hidden an “off the radar” list of 12,533 names of Utah children used to target the Title IV-E subsidy that year. (In 2016 it kept a list of 14,706 Utah children’s names. At that time Elizabeth Knight was the “offices” “Director” prior to becoming “Judge” Elizabeth Knight. Knight was appointed as a “judge” in 2016 by the notoriously corrupt Utah Governor Gary Herbert. To further proliferate the most sinister layers of atrocities instigated by the “Commissioner Offices” including the “HON. RUSSEL MINAS.” “Judge Knight” sometimes poses as a “court clerk” going by the name “Ebet Knight.”

It is unknown how many of those names of children on that list are of children who were already “dead” or already “missing” but still used on that list as a way to steal more from Title IV-E subsidy or what names were entirely “faked” as a way to expand the hellscape of human trafficking on an industrial scale by hiding “fake names” of children among the other names of targeted children as a way of stealing even more with those “fake” names. (Others who have targeted other federal subsidies have been proven to have created untold numbers of fake children’s names while other children fatally suffer.)

To steer falsified matters involving Utah children to the “commissioner offices” and the “Private Guardian Ad Litem Office,” another deceptive, colluding Utah “office” was created to intercept and steer these falsified “legal cases” to the deceptive, colluding “Commissioner Offices” who then steer them to the hidden “Private Guardian Ad Litem Office.” This “office” is named the "Administrative Office of the Court."

For the past three years it has been ran by imposters including Ron Gordon who were somehow assigned to those roles through the “office” of “Utah Chief Justice” Matthew Durrant even though Gordon was among more than a dozen other deceptively appointed Utah “officials” across many departments (including the “Utah Department of Corrections”) already facing federal charges for misusing millions of dollars of other federal funds.

While targeting the many thousands of children’s names to use on those hidden lists to steal from the Title IV-E subsidy, the “legal cases” that have hundreds of thousands of dollars to be stolen from the parents through targeting the parents credit cards, bank accounts, retirement savings, home equity and life insurance with those many different, impossibly high, ongoing, ever increasing falsified “fees” seem to first be routed to the same “Commissioner Office” of the “HON. RUSSEL MINAS.”

When the exploiting, blaming and eliminating require it, each “Commissioner Office” deceptively refers parts of cases to a “judge” assigned to be associated with the “Commissioner Office.” The “judge” associated with the “HON. RUSSEL MINAS” is Judge Robert Faust.

(Faust is a son of the late LDS apostle, former attorney and military veteran James E. Faust. Within the familial, local and regional cultures of “Mormonism” around the

globe, across the U.S.A. and within the counterintuitively competing layers of Utah, this is the equivalent of Robert Faust being far beyond “royalty” and that escalating in exponential ways to James E. Faust as well as the other 15 leaders of “Mormonism” as well as to other tranches that include 840 sometimes counterintuitive assignments known as “70’s.” The “840” spread across 12 “Quorums of the Seventy” with 70 roles in each group. With a brighter-light shining, it is understandably and nationalistically far beyond any altruistic allegiance to “royalty” found elsewhere around the globe regardless of borders on a paper map.) In other culturally royal arrangements over the centuries, if you ask, “who did the king send when a wealthy land owner was on their death bed and why?” The answer you come up with may provide you with some insight into the selectively less-publicized purposes for this global reach of “70’s.”)

A hidden fourth “office” has been deceptively mis-appropriated to play a direct role as the fourth hidden gun firing the imposter’s fatal “Silver Bullets” at Utah children and parents. This “office” hides under different names in different reports and different publications as “Utah Legal Aid,” “Salt Lake Legal Aid” or “The Legal Aid Society.”

As part of “the Silver Bullet” and based on trivial, unfounded, counterintuitive false allegations individually and collectively miscontrived by the “Commissioners,” “Ad Litem Attorneys,” other “attorneys” and “psychologists” who are members of the private association (or their ad hoc copycats), this “office” fabricates false “protective orders” against the many targeted mothers and fathers in Utah.

The falsified “protective orders” are then “doctored” into the “docket” in one way or another by the “Commissioner Offices” and deceptively ferried verbally or in other ways to whatever deceptive layers of whatever local “police department” and “jails” are collectively mis-operating as the imposter’s secret, well-armed, private military deceptively performing those ritualistic swattings, kidnappings and hostage holding of targeted parents.

The “HON. RUSSEL MINAS” is the former “Executive Director” of “The Legal Aid Society” or whatever name it masquerades as. Currently the names of Keri Gardner and John Kunkler appear on the falsified “protective orders” as “the attorneys” who deceptively file them.

As part of “Doctoring The Docket” for the imposter’s false narratives, the deceptive, colluding “Commissioner Offices” will also intentionally leave out critical truths and

will ignore other well-intending “legal professionals,” “psychologists,” and “counselors” who aren't members of the nation-destroying private association.

Because the private association has secretly colonized hundreds of local "courthouses" in Utah and in dozens of the most corrupt states, the imposters also "blackball" any of the well-intending other professionals who question the different layers of the imposter's atrocities. In some cases, the imposters even go to unthinkable lengths to "remove," "silence" or "eliminate" these well-intending other professionals too.

As part of “Doctoring The Docket” across state lines, the deceptive, colluding “Commissioner Offices” will also coordinate with other members of the private association in other states as needed. An example of the imposter's targeting a parent in this way includes an “attorney” who is a member of the private association forging relocation documents involving a Utah child then the “Commissioner Office” forcing that child to only meet with a “therapist” in that state who is a member of the private association and who will keep the imposter's forgeries in Utah hidden in unimaginably terrifying ways for the child.

(In 2021, imposter Utah “attorney” Nate Wall who is a multi-generational member of the private association through the multi-generational Cottonwood Heights, Utah law firm “Wall & Wall” did this in unconscionable ways and the “HON. RUSSEL MINAS” kept it hidden while coordinating with a member of the private association in North Carolina who is a deceptive “psychologist” named Tara Egan. (As part of the “good ol’ boys club” and their part of committing human trafficking on an industrial scale, the deceptive Salt Lake County District Attorney Sim Gill and other local imposters also covered up the forgery. The “HON. RUSSEL MINAS” then did worse things to try and eliminate the targeted parent as part of keeping it all hidden for Minas and the other imposters.)

(For those not familiar with the structure of the \$500+ billion dollar “Mormonism's” global leadership,” of “Mormonism's” 16 million or so claimed “active members” around the globe, there is a group of three men known as “The First Presidency” and below them a group of twelve men known as “The Quorum of 12 Apostles” but are all referred to as “apostles.” All in those roles have remained in those roles once they are appointed. James E. Faust held roles among both of these groups for decades. There have only been about 100 or so men in “Mormonism” 195 year history to hold these roles.)

(It is also important to note the as of June 2025, the #2 role is held by Dallin Harris Oaks who before his roles in Mormonism's "15," was a member of the Utah Supreme Court from 1980-1984 and before that created the "J. Reuben Clark Law School" when he was President of Brigham Young University. When he was smaller Oaks, as an 8-years-old boy lost his father in a horrifically dystopian way. That seems to have played a role in counterintuitive legislation in Utah regarding "parents" that Oaks was involved in when he was a member of the Utah Supreme Court as a bigger kiddo. (It is understandable that without "awareness, intervention and advocacy" unthinkable layers of dystopia breed unthinkable layers of dystopia.)

(It's also important to note that Dallin "Harris" Oaks is also a four-times removed nephew of Martin Harris. In "Mormonism" the middle initial of leaders is always abbreviated and many followers of Mormonism don't know that the middle initial "H" represents "Harris.")

(Martin Harris, from the wealthy Harris family of the Palmyra, New York region during the late 1700's and early 1800's, grew to be a clever, gifted and eccentric man. The history of Martin Harris is also selectively published making Harris a highly controversial role player in the 1820-1830 founding of Mormonism. This includes the counterintuitive growth of different layers of Mormonism driven by immigrants to Palmyra from the Port of New York from places like Denmark, Scotland and England before one of 5 whittled down divisions of "Mormonism" made it in 1847 to the unprecedented area in "The West" that is now known on paper as the greater "Salt Lake City, Utah" area in 1847; In regards to the Erie Canal and the planning and construction of the Erie Canal going from the Port of New York and passing the Harris family's vast property in the Palmyra region and more; Reports that Harris made claims that a sputtering candle was a message for him to stop reading something; Other reports that an angel appeared to him in the form of a deer and walked beside him for at least a mile while they had a conversation; Verified reports include that Harris was actually brilliant at making the finest state-fair-winning-white-cloth out of New England flax rather than people in Palmyra being stuck ordering cotton made in the South and because of that "Mormonism" directly provided Harris with a river of cash from making enticing outeroos and soft, white underoos from that soft, white cloth and trying to sell more of it than the South did too.)

(Of the five spliced branches “Mormonism” split into, and after the spliced “Brigham Young Led Branch” secured that strategic point in the center of the West, Harris stayed behind the scenes for a few years then publicly announced his own arrival in Utah where he reportedly passed away in 1875 or died a few years later after Brigham Young died from what may have been a mysterious poisoning. Every other person involved in the founding of “Mormonism” died before Harris and many were murdered or died in mysterious ways including “poisoning.”)

(Harris’ grave in Clarkston, Utah is marked with a nation-building obelisk and an outdoor theater where until just a few years ago an annual play titled “Martin Harris: The Man Who Knew” was held. Within the founding layers of that previously mentioned “brotherhood” of builders, the “Obelisk” was held in a reciprocating regard to honor “builders” but as this Obelisk is, the “Obelisk” was also appropriated by different factions within the brotherhood for their own darkly altruistic purposes. Part of this is because of all the other founding names related to Mormonism who were also “members” of that “brotherhood,” by far, Harris’ grave marker is the most substantial. Brigham Young’s grave marker is a simple bust on a base that is just a few feet high but even Joseph Smith who is selectively publicized as the founder of Mormonism since he was a 14-year-old-boy in 1820 doesn’t even have that. His grave marker is a flat stone shared with the brother who was murdered at the same time with him as well as Joseph’s first wife Emma Hale Smith Bidamon.)

(On Joseph’s birthday more than three years after his murder, she married another man by the last name of Bidamon and was married to him until she died 32 years later. She was married to Joseph from 1827-June 27, 1844. 17 of those unpredictable years financed and clothed by the counterintuitive Harris and just a few months announced he would stay in the Illinois area and run for President of the United States rather than leading a few thousand willing followers deep into “The West.” This also makes Joseph Smith the first “presidential candidate” ever assassinated.)

(33 days after Joseph and his brother Hyrum were murdered, another brother Samuel was murdered 33 days later and “poisoning” was suspected. 21 years earlier, November 19, 1823 the oldest Smith boy named Alvin had previously died from poisoning. At the time he was 26, Joseph was just four weeks away from turning 18 the minimum age required to attend meetings of “the brotherhood” at the time. Another Smith son named Don Carlos died at the age of 25 in 1841. The youngest Smith boy was allowed to live until he passed away in 1893 at the age of 91. There

were also daughters in the Smith family Sophronia, Katherine and Lucy who was the youngest to survive past birth and who was 3 years old when Alvin passed away in the main room of the nomadic families tiny cabin. Reports indicate that little toddler Lucy laid on Alvin's chest and repeatedly sobbed, "Amby, Amby, Amby!" Her nickname for her dynamic, outspoken, beloved oldest brother who had been poisoned, who loved her dearly as oldest brothers do and who was also recently engaged to be married. As was more common than not during these unpredictable times, there were three other children among these siblings who did not survive past infancy. As each sibling grew many of them also experienced the loss of a child who did not survive past infancy.)

(For its sake, under the banner of "The Supremacy Clause" like all "territories" that wanted to become "states," back then, "Utah Territory" became "The State of Utah" in 1896 after "Mormonism" superficially abandoned polygamy as part of making a deal to become a "state." Most followers of Mormonism are also unaware that the published, founding moments of "Mormonism" took place over those 10 years (1820-1830). Because of a culturally popular song that includes the selectively re-used lyrics—"suddenly a light descended, brighter far than noontday sun, and a shining, glorious pillar o'er him fell, around him shone,"—and because of their grandmother's impossibly bright voice singing those songs in impossible-to-forget-cookie-fueled-dried-fruit-filled-bottled-pickle-crunching-kool-aid-quenched-quilted-blanket-comforted-moments with their harder-than-nails-knot-tying-former-cowboy-campfire-cooking grandfather whistling in the background and the collective melting-pot of roots between the two of them unintentionally boiling up an endless, swirling steam of candy-coated elixirs and red-white-and-blue apparitions speared in unimaginable ways into iron-blooded-spear-proof-hearts, millions of followers of Mormonism, (weather they are leaders or not,) mis-believe that the counterintuitive, selectively published and selectively-unpublished events over those 10-unpredictable-years occurred over just-a-few-very-predictable-weeks and have no idea of the other counterintuitive events after.)

Even with all this, for the mis-opportunistic, private association and all the deceptive layers mis-created to steal billions of dollars by targeting America's children disguised as being for different layers of "America's States" while also collectively stealing billions of dollars more for themselves by fatally targeting millions of America's parents and the morsels of credit cards, bank accounts, retirement savings, home equity and life insurance America's parents have sacrificed immeasurably for, and the

private association doing it all through secretly colonized local “courthouses,” “police departments,” “jails” and other “state sponsored offices,” still isn’t enough: As a way to steal billions of dollars more and as long as the U.S.A. is still on the map and there are still enough of America’s children and America’s parents to “exploit,” “blame” and “eliminate” to keep it hidden, the private association is also targeting America’s “Wall Street” and every country, countryman and countrywoman that places a penny or more at its doorstep.

It is doing this with a deceptive "app" called “Our Family Wizard” it has controlled for more than 20 years and that over the past four years the imposters have deceptively used their hundreds of secretly colonized, local “courthouses” across the U.S.A. to force more than one million parents to buy the app for a price of \$200 every year. In 2020, a deceptive billion dollar Wall Street firm with offices across the U.S. and in the U.K. named “Spectrum Equity” deceptively joined the private association as part of this app and targeting Wall Street.

However, it seems that the private association is also secretly using the "app" to allow colluding imposters and corrupt or misguided “police officers” to track targeted parents eliminate them unlawful arrests, unlawful imprisonment and fatal swatting deceptively orchestrated as those “planned police encounters” or other “exigent circumstances.” In addition to this deceptive company controlled by the private association and connected to the most sinister layers within Utah, millions of other people in the US and in other countries also seem to be being targeted and exploited by other deceptively created companies in Utah or with peculiar connections to Utah.

Other individual financial schemes that seem to be a part of these atrocities across the U.S.A. are that an imposter “Commissioner” will “retire” as a “Commissioner” with full-benefits for the purpose of being deceptively “appointed” as a “judge” with full “judge pay” and benefits shortly after. Something that seems to have been derived from broken systems being exploited by broken layers of police departments and seeing some mis-matriculated officers “compensation packages” surpassing \$325K a year while the non-mis-matriculated officer’s “compensation packages” are more in line with a neglected school teacher at less than 1/5th of that. The imposter “Commissioners”/”Judges” also unwilling to discuss where millions of dollars of “income” they describe as “consulting fees” really comes from while counterintuitively talking about how they’re so “busy” the “governor” who “appointed” them needs to “appoint” more “judges.” Well-intending judges not privy

to the imposter's nation-destroying atrocities having been ran off or forced to "retire" as the private association began colonizing the local "courthouse" the well-intending judge had honorably and nobly spent so many years of their lives in. A system that once made sense and in that superficial "sense" of today continues to go ignored as the most vulnerable system in the world to be exploited by the "online digital forgeries" that 25 years ago loopholes in 21st century technology began mis-allowing to become prevalent in billion dollar ways in other billion dollar industries but that were caught, stopped and prevented within just a few years.

The most minor of "courthouse" roles such as a "clerk" requiring no training whatsoever now enabled to digitally "sign" "courthouse" documents for imposter "judges" all day long, forever altering the lives of children, parents and other citizens who are just miles from what used to be their "local courthouse" but that is now thousands of miles away from wherever in the world the imposter "clerk" and/or the imposter "judge" are really doing their "zoom hearings" from that week. Other imposter "clerks" seem to "digitally sign" for imposter "attorneys" with or without the imposter "judge" knowing. Other imposter "attorneys" seem to "digitally sign" for the imposter "judge" with or without the imposter "judge" even knowing. Time will tell how many imposter "attorneys" have simply demanded an amount of tens of thousands of dollars, then "digitally forged" the "judges" name on it for a "divorce order," "custody order," "adoption papers," etc... The most sinister of these imposter "attorneys" even "digitally forging" a parents signature on "adoption papers" or as deceptively needed deceptively titling the "adoption papers" as "relocation stipulations." In the case of any of the "digital forgeries" the many layers of imposters individually and collectively doing worse and worse things to keep those forgeries hidden.

Over the past seven years, as different layers of these nation-destroying atrocities have unfolded towards me as a targeted parent living in Holladay, Utah and against my two targeted daughters as targeted children (formerly of Holladay, Utah with me during the 14 years I have lived in Holladay, Utah) my attempts to share respective reports about this human trafficking on an industrial scale includes "offices" of: West Valley City Police Chief Colleen Jacobs, West Valley City Mayor Karen Lang, Holladay Mayor Rob Dahle, Cottonwood Heights Mayor Weichers (previously Mayor Cullimore, father of Utah State Legislature member Curt Cullimore), the counterintuitive "Tri-Chief" of the Salt Lake County Sheriff Department/Salt Lake County Jail/Unified Police Department Rosie Rivera, new Unified Police Chief Jason Mazuran, Salt Lake Police

Chief Brian Redd (previous chief Chris Burbank,) multiple police departments across Utah including the SWAT team headquartered at the Cottonwood Heights Police Department, the counterintuitive “Utah Division of Child and Family Services” and “Utah Health and Human Services” Executive Director Stacey Gubler (like Spencer Cox, Gubler is also an “attorney,”) my daughter’s respective schools (of the Granite School District and of “American Preparatory Academy” who are supposed to be “mandatory reporters,”) the Salt Lake County District Attorney Office including Sim Gill, the Cache County District Attorney office, every member of the 2024 and 2025 Utah State Legislature, the office of the Utah Attorney General (Currently Derek Brown, formerly Sean Reyes ), the office of the Utah Governor and Lieutenant Governor (formerly Herbert and Cox, now Cox and Diedre Henderson), past and present offices of U.S. Congressmen from Utah including Mitt Romney, Mike Lee and John Curtis, the fraud reporting office of the LDS church (because going back to at least 2018, “Judge” Faust is one of the ad hoc copycats deceptively using his “courtroom” inside the Matheson Courthouse Complex to force targeted Utah parents to buy “Our Family Wizard.), the “Huntsman Mental Health Institute” (that started with a \$150 million dollar donation from the Huntsman Family’s legacy of American commercial interests,) multi-million dollar facilities of the Miller family (former owners of the Utah Jazz,) the offices of the “new owners” of the Utah Jazz, local news stations, national news stations, “Utah State Bar” and it’s Director Elizabeth Wright, “Utah State Bar’s” recently created, superficial “Office of Professional Conduct,” the “Utah Judicial Conduct Commission,” the “Utah Office for Victims of Crime,” local offices of the “FBI,” “U.S. Marshals,” “Homeland Security,” the now abandoned U.S. Attorney Office in Salt Lake City, the now abandoned U.S. Securities and Exchange Commission Office in Salt Lake City, the U.S. Securities and Exchange Commission national "whistleblowing" website, the Pentagon and several "federal offices" in Washington D.C. also in different methods for different purposes all while being fatally targeted by the many layers of imposters, by their colluding layers of local “police departments,” “jails” and their ad hoc copycats.

My only resource of survival during the seven years of escalating dis-association, ruin, alienation and scapegoating being to patiently “endure, refine, share and shine” a “better-than-bright-light” and try to survive the unsurvivable deceptions from moment-to-moment rather than unleashing the wrath of the internal “Papa Lion” that all father’s have when it comes to protecting their children and ending up in “jail” or “dead” because of that or instead of that “fleeing” the human trafficking on an industrial scale and “hoping the best” for my two daughters wherever they are and the

rest of the 12,531+ other Utah children on the private association's hidden lists as well as "hoping the best" for those children's parents, for millions of other American children and parents and for the U.S.A.

I've chosen what I have because of what I know and I know that any other targeted parent knowing what I know would do the same thing and I also know that it is what my daughter's would expect of me even though it has brought escalating dis-association, alienation and isolation to all of us in unsurvivable ways that we have somehow been forced to survive and have somehow survived for far longer than any of us could have ever imagined could have ever happened. (Like "Sofia The First," "My Little Pony" characters and "Moana," which like all parents have happily filled all or part of countless moments in one way or another, I also want to see what happens if I don't give up.)

For me, this includes that as a targeted parent who the private association has tried to eliminate in these unthinkable ways for more than seven years, last year alone I was baited to the Matheson Courthouse Complex in Salt Lake City to be fatally swatted three different times in one month but each time the attempt failed. The first attempt on February 12, 2024 failed to materialize completely. The second attempt three weeks later on March 5, 2024 involved me also being stalked at the courthouse for five hours before that attempt failed and then they unlawfully arrested me and unlawfully imprisoned me for the rest of the day. The third attempt a week later on March 13, 2024 also failed but again they unlawfully arrested me and unlawfully imprisoned me and then held me hostage at the Salt Lake County Jail from that day for what ended up being 69 unpredictable, terrifying days but the only reason they let me out 69 days later on May 21, 2024 was to try swatting me again which they tried that night at my home in Holladay then they tried swatting me again at a local Costco 91 days after that which was August 20, 2024.

The deceptive reason they waited "91 days" to try fatally swatting me for the fifth time over that six month period was because they had put a GPS ankle monitor on me when I left jail 90 days earlier and it would have been too hard for them to hide their successful murder of me if they had fatally swatted me while they also had the public ability to track me through the GPS ankle monitor. Without the ankle monitor on, it seems they used the "Our Family Wizard" app to track me to the Costco where they tried swatting me again but it too failed to materialize into the life ending horrors they were attempting to orchestrate.

As a targeted parent in this human trafficking on an industrial scale, I have been targeted first to be "removed," "silenced" and "eliminated" because I am a dedicated parent to two targeted daughters, not because I am a "father." The imposters do not discern between "mothers" and "fathers" or "who" to target first because it is the children they really want to monetize and exploit because of the many years the children's names can be used in that monetization and exploitation. The opportunistic imposters simply target first whatever parent seems convenient at the time and they then threaten and trick the other parent into going along with them and they stick with it until the level of tragedy that they want happens to the "targeted parent," to the "threatened and tricked parent" or to the children.

My daughters are seven years apart and they have different mothers. Not knowing that it is our respective daughters and more than 12,531+ other Utah children that the terrorizing, nation-destroying imposters want as part of this human trafficking on an industrial scale, my daughter's mothers have also been threatened and tricked to go along with the imposter's just like millions of other threatened and tricked parents have.

Because of this, over the past seven years, each of my daughter's mothers have counterintuitively been a part of going along with the imposter's forgeries, skipping the staged escalating hearings targeting me in worse and worse ways, and breaking court orders hundreds of times.

Over the past three years, because of the imposter's forgeries and the imposters targeting me in worse and worse ways to keep the forgeries hidden, each mother has also unlawfully left Utah or disappeared with our respective daughter. This happened three years apart. First was with my oldest daughter in December of 2021 that involved deceptive members of the private association (Minas, Wall and Egan) and others who covered it up (Gill), then in February of 2024 with my youngest daughter that involved forgeries by members of the private association (Minas and the deceptive "psychologist" in Logan, Utah named Kyle Hancock and others) and still the others who tried to cover it up for them by attempting to fatally swat me, unlawfully arresting me, unlawfully imprisoning me and then going back to attempting to fatally swatting me and that's just the tip of the iceberg of all of it.

“Judge” Elizabeth Knight, “Judge” Heather Brereton, “Judge” Randal Skanchy, “Judge” Vernice Trease, their broken revolving door of “clerks” and dozens of other names also played counterintuitive roles.

Just as millions of other exploited and blamed American children unnecessarily and terrifyingly experience, as part of how the imposters force American children into the imposter’s dark, terrifying worlds of escalating dis-association, alienation and isolation, my oldest daughter who is now almost 16, as part of her experience, had her dad (me) unnecessarily and suddenly erased at a critical time 3.5 years ago, when she was 12.5 and an imposter deceptively claimed to her that her “dad” had signed “adoption papers” made even more deceptive by calling them a “relocation stipulation” in the doctored docket and sending her away with her mom and step-dad to wherever they suddenly wanted to go in the dark-of-the-night, in the middle of the school year, three weeks before Christmas. Left to wonder why her “dad” would suddenly abandon her, the escalating dis-association, alienation and isolation of the imposter’s atrocities continuing for her in terrifying, unthinkable, ongoing ways for the past 3.5 years.

Since unlawfully removing her from Utah under the threats and forgeries of the imposters in Utah and then the continued threats and forgeries at the deceptive, colluding, dark hands of Egan in North Carolina, my daughter’s mother and step-father have not communicated with me a single time during the past 3.5 years. The surreal, falsified challenges of her “dad” being “jailed” in 2024 during the months before she turned 15 only making everything more disassociating and more debilitating for her.

It's important to note that the imposters committing these atrocities, forces the targeted “resilient” children into a terrifying, worsening, debilitating state of “self-preservation” as moment-to-moment disappears into days, weeks, months and years as part of the spiral of dis-association, Trauma Bond, and mal-adaptive “survival” modes. Anything a child does during this time is not the child’s fault. The imposters are 100% to blame. The imposters also know this. As this brighter light continues to shine, the imposters are also learning that that they will eventually be sued by an exponentially growing number of formerly targeted American children who survived past 18 (or before then) and that is also part of why the imposters will stop at nothing to keep this hidden by causing more and more children to commit suicide (if the children don’t go “missing” in the deeper and deeper, fatality-inducing layers of the atrocities.) This is another terrifying indication why the imposters commissively

and omisively allow the children to go “missing” because it is in “The Best Interests of the Imposters.”

(The imposter’s phrase “In the Best Interests of the Child” is also another example of the dystopian, Dark Psychology of “imposters” and that every “accusation” or act of “virtue signaling” is a “veiled confession.” The reason the private association mis-adopted the phrase “In the Best Interests of the Child” is because they knew the atrocities were in “The Best Interests of the Imposters” and twisting that phrase was another short-sighted, virtue signaling, dystopian way of trying to hide it. Watch for “accusations” and “virtue signaling” and you can discover what is really “veiled confessions” anywhere and then you can determine what level of “awareness, intervention and advocacy” should be introduced.)

My youngest daughter who turned 9 just a few weeks ago has experienced having her dad (me) unnecessarily and suddenly erased as her father for the past 1 year and 9 months. Since these terrors have unlawfully happened under the imposter’s threats and forgeries, I have been prevented from knowing if she committed suicide like a 10 year-old girl did in Utah a few years ago after being trafficked away from her father or if she is still alive, where she is, what males and females are around her day and night, what accountability those males and females have or don’t have, and what other debilitating, life-shortening terrors she is experiencing under the threats and forgeries of the imposters. For her the challenges are also made even more disassociating and debilitating by her as a then 7-year-old suddenly being left to wonder what happened to her “dad” and why he never called her back and why he hasn’t called back for nearly 2 years.

Last year, when I was unlawfully imprisoned, my now 9 year-old who was 7 years-old at the time turned 8 years-old (April 9th is her birthday.) Because birthdays are always a reason to celebrate for any kid, with chains around my waist, wrists and ankles, on that day, April 9, 2024, while in that deceptive Matheson Courthouse Complex courtroom after being intentionally brought from the jail on that special day by the imposters, I had to beg Judge Trease to allow someone to mail my daughter a birthday card on my behalf but Judge Trease refused to allow it. Like imposter “Judge” Knight, imposter “Judge” Brereton and imposter “Judge” Skanchy, imposter “Judge” Trease instead continued the imposters individual and collective nation-destroying atrocities by forcing my daughter to remain in the imposter’s world of escalating dis-association, alienation and isolation that she is still in today, if she is still alive, wherever she may

be. “Judge” Trease and the other imposter’s somehow misbelieving that them colluding and intentionally causing that additional agony on my daughter’s birthday while I was being unlawfully held hostage in jail would somehow finally cause me to commit suicide in jail and I would be silenced that way.

(They did the same on my own birthday December 28, and my other daughter’s birthday June 28. In Utah and across the U.S., targeting “holidays” and “birthdays” for terror is part of the deceptive, colluding imposter’s nation-destroying atrocities. This is part of why in the days after the first unlawful arrest after the staged hearing and failed, fatal swatting attempt March 5, 2024, Faust, Minas, Brereton, Skanchy, Trease and others colluded to have me fatally swatted by staging another hearing again a week later on March 13th, then when that fatal swatting attempt failed I was unlawfully arrested again and held hostage for the next 27 days until the staged hearing on April 9th, held hostage for 35 more days until the next staged hearing on May 14th then held for 7 more days until finally being released on May 21, 2024 as part of the additional swatting attempts and other deceptive, nation-destroying atrocities.)

Because of these fatal levels of escalating dis-association and alienation that includes visceral threats made to parents and children by corrupt, armed “police officers,” it seems that the most sinister layers of imposters are also “betting” or otherwise “gambling” on not only what American parents they can cause to commit suicide or die in other ways but what American children they can cause to commit suicide or die in other ways too and this is why they don’t hesitate to inflict these unconscionable levels of escalating dis-association, alienation and isolation onto American children too.

Like millions of parents, this hellscape of terror targeting my two daughters and me as their father is after both of my daughters happily lived with me almost half the time or more. (My oldest daughter started and completed elementary at Spring Lane in the Mandarin immersion program which is why I chose this cozy, old home that is just five houses away from the school’s playground. My other daughter didn’t get to go there.) Like all busy kids and smiling parents regardless of background or demographic, my daughters and me became fixtures at the school respectively as well as the parks, playgrounds, birthday parties, community events and all the other attractions and distractions that busy kids, their revolving door of new friends and smiling parents are a part of.

The opposite of this over the past seven years and this “opposite” happening to millions of other American children and parents over the past 40 years is the cause of millions of American homes of all backgrounds and demographics being “broken” in these terrifying ways that cracks the foundation of all neighborhoods and communities because instead of the children being “builders,” the imposter’s atrocities cause the broken, alienated and isolated children to become “mis-destroyers,” and as the days pass into weeks, months and years, it is “mis-destroyers” in their broken, mis-condition that then eventually commit or cause the direct and indirect downward spiral of foundation cracking, nation-destroying tragedies happening in American schools, neighborhoods and communities from moment-to-moment.

This is exactly what the nation-destroying imposters want and includes “bullying,” “mass shootings,” “road rage,” “rape,” “robbery,” “alcoholism,” “drug use,” “drug dealing” “drug overdoses,” “murder,” “suicide,” “murder suicide”...and on...and on.

All this from those millions of American children who were deceptively turned into monsters by monsters after being born as angels. All because “mom” or “dad,” who were broken in ways too but also didn’t know it, fearlessly tried starting a “family” but that family became a “target” instead. These preventable, “mal-reciprocating” tragedies mis-fueling the unsustainable, nation-destroying “closed loop” hellscape of human trafficking on an industrial scale just the way the imposters want it. For my two daughters and millions of other American children who are conquering these monsters from moment-to-moment and their parents remember, “Beware when conquering monsters lest ye become one.” And if you have done monstrous things, there will be a bright way out because you were understandably tricked by the imposters into doing them in that deceptive, dis-associated state of survival.

As part of surviving the unlawful attempted swattings, the unlawful arrests and being unlawfully imprisoned and held hostage in the Salt Lake County Jail in West Valley City last year as part of this “closed loop” hellscape of human trafficking on an industrial scale, I’ve also discovered that West Valley City secretly runs its many thousands of false charges and fabricated "legal cases" targeting not just parents but targeting all American citizens in Utah who happen to be targeted by West Valley City in one way or another through the same colluding, imposter “judge” (Trease), imposter “prosecutors” (Ryan Robinson and Rhiannan Mann) and imposter “public defenders” secretly contracted from two deceptive law firms. (“Larsen, Larsen, Nash and Larsen”

based in West Valley City and “Stowell Crayk” based in Salt Lake City) all unlawfully proliferated through Salt Lake City's “Matheson Courthouse Complex” far out of the jurisdiction of the “West Valley Police Department” rather than not being done at all or being done in lawful ways as lawfully needed at a courthouse in West Valley City.

This deceptive layer of the atrocities include "West Valley City" using false allegations to file many thousands of false charges against many thousands of parents and citizens to fabricate “legal cases” then "West Valley City" unlawfully claiming that “West Valley City” is “The Victim” and then “West Valley City” unlawfully providing contracted "Public Defenders" who are secretly contracted by "West Valley City" to be “Public Defenders” without telling targeted parents and other citizens that they are contracted by “West Valley City” to be their “Public Defender.”

The most sinister layers of imposters use this dark triad of evil to deceive targeted parents and targeted citizens into whatever fatal, foundation cracking, nation-destroying schemes allow the private association, other private associations, “West Valley City” and “The State of Utah” to steal the most from the “Title IV-E” subsidy and other subsidy.

Because of this, it was my experience talking to hundreds of different “inmates” within the “human trafficking industrial complex” deceptively disguised as “The Salt Lake County Jail” there are “double-digit” percentages of innocent parents and other innocent citizens sleeping on those 2,500 metal trays disguised as “beds” everynight who like I was, are being unlawfully held hostage there as “Courthouse Castaways” to be hidden and forgotten about or eliminated in any way possible. There are many there who have been unlawfully imprisoned and held hostage for months or years under these fabricated “legal cases” based on false charges from false allegations under the imposter’s threats and without the imposters ever allowing them to have a proper “hearing” or a proper “trial.”

It seems that the falsifying of so many thousands of “legal cases” is part of an ongoing attempt by the most sinister layers of imposters to steal \$500 million dollars more from other “good parts” of the federal government by disguising it in these deceptive ways as the “\$500 million” being “desperately needed” for a “new jail” to “hold more inmates.” This deceptive \$500 million dollar “measure” was on the November 2024 Utah ballot but failed to pass and that is part of why these nation-destroying atrocities are continuing in more ways.

It also seems that falsifying so many false charges for each falsified “legal case” has something to do with the most sinister layers using the exponentially high number of false charges to mis-create some sort of derivative, tranche or other financial instrument that is disguised as “well packaged saving bonds” and deceptively sold as “investments” to companies in other countries or as “investments” to other countries themselves (such as pension plans of other countries involving millions of people in those countries. Countries names that shouldn’t be mentioned here because it’s likely that the well-intending layers of these countries have now idea that deceptive layers hiding among them are being scapegoated in these ways.)

These deceptive “financial instruments” may also be part of why for these many thousands of the imposter’s Courthouse Castaways like I am one of, the nation-destroying atrocities never end, even for those who are “released” for one reason or another. This is because the ongoing deceptive cycles of fee based “probation,” fee based “parole,” fee based GPS monitoring and fee based “classes” (some demanding to be paid in “cash” thousands of dollars) that go on for months or years making it seem like they only exist to be part of other layers of the imposter’s deceptively mis-created “financial instruments.” (Makes me wonder what country’s pension plan might think twice next time about importing that expensive, pure Canadian branded maple syrup instead of the more economical brand just across the border if they knew what me and a few others in that country know. Maybe they’ll donate some of that syrup to the giant jail that the 60,000 or so “militarily captured imposters” and their ad hoc copycats will be eating “breakfast” in everyday while they’re understandably waiting for their respective military level punishments for child trafficking, treason, interstate crimes and worse?)

(To the “fraud reporting” department of a certain country’s multi-billion dollar “pension plan,” ten days before the “Imposter Jews” started bombing Iran without provocation, I submitted a report regarding what seems like billion-dollar counterintuitive connections to that “pension plan” but I have yet to hear back from anyone.)

As part of exploiting, blaming and eliminating me to keep these many unconscionable layers of their atrocities hidden, indisputable facts uncovered over the past 15 months prove that the “HON. RUSSEL MINAS,” other imposters and deceptive layers of the West Valley City Police Department fabricated a total of 14 false charges against me

that were used to threaten me with 14 years in prison to try to fear monger me into accepting a “deal” of “three years in prison without a trial” as a way to “remove,” “silence” and “eliminate” me that way. This is even though over the past seven years I have repeatedly reached out to different layers of those respective different “departments” and “offices” in Utah, across the U.S.A. and beyond offering indisputable facts and guidance to “course correct” without asking for a penny in return.

While it is more common for people to commit suicide within the first 30-60 day in a county jail rather than if they are outside of jail, it is much easier to unlawfully send a person to prison and orchestrate their murder in prison than it is to orchestrate their murder in a county jail and that may have been another reason why the imposter’s were attempting to fear monger me into being sent to the Utah State Prison for three years without every having a proper hearing or a proper trial. Part of this may also be because because of the number of innocent and non-violent people being unlawfully held in the county jails and the number of “short-term” inmates such as homeless people needlessly serving sentences for non-violent misdemeanors in county jails as Courthouse Castaways makes it harder to find someone to orchestrate that murder in a “county jail” where as in a “prison” there are already people in there for multiple violent crimes and adding one more “murder” in prison to their rap sheet won’t change anything for them but might get a new car or a box of cash delivered to a family member on the outside.

For me, when I questioned the feasibility of “14 years in prison” based on “14” sloppily filed, blatantly false charges that had no rhyme or reason to them in any lawful or unlawful sense, I refused the scapegoating option of “three years in prison without a trial” and I did that on three different occasions during those 69 terrifying, unpredictable days. March 21, 2024, April 9, 2024 (my daughter’s birthday) then again May 14, 2024 when I was brought from my cell at the Salt Lake County Jail back to the Matheson Courthouse Complex with chains around my waist, wrists and ankles. It seems that it was around day 62 when the deceptive, colluding imposters then hatched the misguided plan to "release" me so they could try fatally swatting me again since I hadn’t committed suicide in jail during those first 60 or so days.

This is because on day 62 which was May 14, 2024, their deceptively contracted attorney named Daniel Heaps from “Stowell Crayk” finally said they would "change the deal" and release me "that day" if I agreed to two other made up "misdemeanors"

instead. (The false charges were transferred from being ferried against me by Larsen, Larsen, Nash and Larsen to Stowell Crayk. As my “Public Defender,” Heaps only visited me once in jail during those 62 days and demanded I never “say a word” in any of the three unlawful, staged hearings. ) Knowing that if I said “no” on day 62 and naively waited to be vindicated from the 14 false charges under illusions of one day having a “trial” to vindicate me, that “trial” would never actually happen and I would spend many more terrifying and unpredictable months or years as a Courthouse Castaway waiting to be rescued like many other targeted dads, moms and other citizens hidden in that human trafficking industrial complex deceptively disguised as “The Salt Lake County Jail” are experiencing from moment-to-moment. I quickly agreed to the other two made up “misdemeanors” expecting to be released “that day” but not knowing what the imposters really had planned.

This includes that as another way to try to eliminate before actually releasing me, instead of releasing me “that day” as they promised the chains stayed around my waist, wrists and ankles and they sent me back to my windowless metal tray disguised as a “bed” at the Salt Lake County Jail and then left me there for another seven days. When I was released on May 21, 2024, with that GPS ankle monitor on my leg at an impossible cost of \$1,200, it was to this altered life of escalating dis-association, alienation and scapegoating unimaginably different from six years before the imposters first started targeting my two daughters and targeting me. (This was 2018 and my daughter’s ages were 7-years-old and 1-year-old at the time.)

The younger the imposters can get the children’s names into the schemes the longer the imposters can steal with those names. (Some deceptive layers in some states even deceptively use the children’s names until the children are 21, not just “18.”) Perhaps this also helps you understand some of those stories about a vulnerable pregnant woman entering the hospital to give birth, being accused of having a “drug addiction,” never seeing her baby again and ending up dead from suicide or unlawfully imprisoned not long after?

Hopefully by now, for the sake of the U.S.A. and the globe, you can clearly intuit that this is not about "custody" as the deceptive members of the private association have taught each other to use that intentionally trivializing “word” and other words as deceptive propaganda to keep hidden this human trafficking on an industrial scale.

Hopefully by now, for the sake of the U.S.A. and the globe you can clearly intuit that this is not just about a few “cops” having a “bad day” and accidentally arresting “the wrong guy.” (Hopefully by now you can also see that of the USA’s 700,000 cops not all of them are “corrupt” and it is mostly the ones hiding in the offices without “body worn cameras” on and not the ones in the cars, trucks and SUVs with “body worn cameras” on. It is however another indication that the time for a complete “rebranding” of the U.S.A.’s “police departments” better separating the corrupt ones in offices from the well-intending ones out-and-about “protecting and serving” the community as they signed up to do is long overdue.)

Hopefully by now, for the sake of the U.S.A. and the globe you can clearly intuit that this is not just about “a few bad eggs,” “a few bad apples” or a few “bad actors.”

Hopefully by now, for the sake of the U.S.A. and the globe you can clearly intuit that what this is about is that any local "courthouse" that the private association has deceptively colonized and instigated the terrors of "The Silver Bullet" through, the fatal, foundation cracking, nation-destroying incidents in the local community immediately begin to exponentially increase and if it doesn't end with the introduction of “awareness, intervention and advocacy” in unprecedented ways, it will continue to get worse and the U.S.A. will absolutely end in even worse ways, exactly as the most sinister layers of imposters and the “Sinister Psychologists” behind it all want.

This is because, like mis-stacking a larger rock on top of a smaller rock and then a larger rock on top of that rock and on and on, the only way to hide “dystopia” is to mis-create “dystopia” in worse and worse ways until...

More previously published information indicates how the deceptive layers within Utah are an even more fatal, horrifying, nation-destroying case study of the terrifying truth of this dystopian, upside down “pyramid” that is fatally crashing down as could be expected on the many thousands of imposters still hiding in its imposter shadow.

This includes that since the private association colonized the Matheson Courthouse Complex in Salt Lake City and other local courthouses across Utah’s most populated areas about 10 years ago when Gary Herbert was “Governor” and Spencer Cox was “Lieutenant Governor,” “suicide by parents,” “suicide by children,” “murder/suicide by parents,” “murder/suicide by children,” “murder by adults,” “murder by children,” “child-on-child violence at schools,” “child-on-bystander violence in public,”

robberies, road rage, bankruptcy, homelessness, falsified “inmate numbers,” unimaginably corrupt “state legislation” proliferated by Utah’s 104 part-time members of the Utah State Legislature and the Governor and more nation-destroying atrocities have skyrocketed while the deceptive layers within “The State of Utah” have stolen untold billions of dollars from “the good parts” of the federal government to hoard and share among them. Some reports reveal this “amount” is somewhere between \$35 billion and over \$100 billion dollars being slushed around this year (2025). (It seems that parts of this rolling amount of untold billions of stolen dollars have over the past six years been used for a deceptive “ski resort add-on” and future “gondola” in Little Cottonwood Canyon shamefully and deceptively disguised as a multi-stage “Military Installation Development.”

Glances into these skyrocketing tragedies in Utah and the names of Utah parents, children and other citizens involved in them often reveal twisted, instigated, falsified court records by the same imposters who are among the 300 or so members of the colluding, deceptive, nation-destroying private association's "AFCCUTAH.ORG" chapter and hundreds of their ad hoc copycats.

Far more sinister than the “Red Scare” after World War II when it was being discovered that card carrying “communists” had been hiding in plain sight and spying on unsuspecting neighborhoods across the U.S.A. or that Nazi’s had been relocated to unsuspecting neighborhoods across the U.S.A. The additional terror of this unimaginable human trafficking on an industrial scale happening and being kept hidden for years through local “courthouses,” “police departments,” “jails” and other “state sponsored offices” is that instead of just hiding in plain sight in neighborhoods like the communists and relocated Nazi’s were, the many thousands of imposters in Utah and across the U.S.A. are hiding behind our own American flag in what used to be our own local courthouses and they are doing this so they can keep it all hidden by “the good parts” of the federal government getting blamed instead of the imposters.

Because the most sinister layers of the private association are doing this as a way to steal billions of dollars, destroy the USA and keep it all hidden and they are deceptively using the American flag to do it, in February of 2024 and then again in July of 2024 (after I was unlawfully imprisoned from March 13, 2024 - May 21, 2024), I patiently and politely delivered a one page letter addressed to a special team of the Utah National Guard at the Bluffdale, Utah facility.

The letter encouraged that special team to look into the deceptive private association's hidden 2024 list of 12,533 Utah children's names that my own two daughters are somewhere on. The intent was so that the special team could spend a few moments consulting with me, arming themselves with information and be a part of implementing “awareness, intervention and advocacy” as part of transparent solutions.

It was my hope that the special team who has access to more than 14,000 fearless, patient and polite members of the Utah National Guard who are men, women, mothers and fathers too, would simply start by confirming the names and circumstances of a sample of 100 names on that list. This would have revealed a sample of how many names are of children who are already “dead,” are “missing” from “state systems,” have been “faked,” or in the seven deeper layers of “child trafficking,” are in the beginning layers of “child trafficking” as well as confirming the circumstances of the parents who were unlawfully and wrongfully “removed,” “silenced” or “eliminated” by the imposters.

Instead however, the office of Utah's current Governor Spencer Cox intervened and prevented that special team from looking into any part of that list. I was also mailed a letter claiming to be from the “Brigadier General's Office” of the Utah National Guard but with Spencer Cox’s name on the letterhead threatening to imprison me if I delivered another letter to any “Utah National Guard facility.” The letter sent to me claimed that the two, one-page, paper letters I patiently and politely delivered to the massive Bluffdale facility “interfered” with the “mission” of the 14,000 fearless Utah National Guard members.

As I mentioned before, instead of fleeing the state and “hoping the best” for my two daughters and millions of other children and their parents in Utah, across the U.S.A. and beyond, I’ve kept going back, refining what I experience and sharing it in these ways because know that any parent knowing what I know would have done the exact same thing. I did this because I know that if “awareness, intervention and advocacy” are not introduced in unprecedented ways these deceptive, colluding, foundation cracking, nation-destroying imposter’s and their imposter “judiciaries” are going to continue getting much worse for everyone in every American home, neighborhood and community, not just for the exploited, blamed and eliminated American parents and children but for everyone else in terrifying, prolonged ways until there is nothing left.

After patiently and politely delivering in person the second letter to the Utah National Guard and it going ignored, it only took a moment for the next report of another imposter caused tragedy to happen and then more and more from moment-to-moment as can surreally be expected to happen in Utah and across the U.S.A. right now as it has for the past 40 years. Within just a few weeks however, one preventable, ongoing tragedy involving a 41 year-old mother, a 51 year-old father and three children living in Cottonwood Heights and that directly related to the “Utah National Guard” began to unfold in the paid parts of the local “news.”

This was because the father was a 20-year full-time member of the Utah National Guard and while asleep at home he had been shot to death by his separating wife.

This was in September of 2024, seven months after I delivered the first letter to the Utah National Guard warning them about the intentional nation-destroying patterns happening to 12,533 Utah children and their parents causing these types of preventable tragedies and how to introduce “awareness, intervention and advocacy” to finally stop the nation-destroying imposters who have been behind it all for more than 40 years.

The wife, Jennifer Gledhill had been threatened and tricked by an ad hoc copycat into making false allegations against the husband National Guardsman Matthew Johnson and when that backfired, out of a temporary, understandably dis-associated, false state of “survival” in the surreal circumstances mis-manifested by the imposters hiding behind the American flag in the Matheson Courthouse Complex, Gledhill shot Johnson while he slept and then in that understandably dis-associated false state of survival, Gledhill convinced her parents to aid her in covering up the killing.

Without the surreal circumstances mis-manifested by the imposters hiding behind the American flag as part of this human trafficking on an industrial scale through local “courthouses” and keeping it all hidden, Gledhill never would have pointed and fired a gun at the sleeping Johnson and Gledhill’s parents never would have been involved in covering up the killing.

However, the imposters commissively and omissively proliferating deceptive tragedies like this by “proxy” are exactly what the nation-destroying imposters do and that they do not stop doing until tragedy happens and the children can be taken deeper and deeper into the schemes.

Gledhill and Johnson had attempted to file for divorce months before but instead of transparent, constructive, nation-building solutions being put in place for them and for their three children, the deceptive, colluding imposters and their ad hoc copy cats used the matter to target the children, instigate the same atrocities of “The Silver Bullet” with “false allegations” and escalating the atrocities with one staged “hearing” after another until the escalating dis-association and alienation became so impossibly consuming that tragedy happened and the children could be taken deeper and deeper into the child trafficking schemes. Would you be surprised to read in the local newspaper that the “commissioner’s office” behind the escalating dis-association, alienation and scapegoating (including the staged “hearings”) was the “office” of the “HON. RUSSEL MINAS?”

The patterns indisputably indicate that as soon as that “divorce” filing was instigated in the deceptive ways it was, the deceptive “Utah Administrative Office of the Court” discovered that three children were involved and that life-long amounts saved in bank accounts, retirement funds, equity in a Cottonwood Heights home, additional credit cards and the real winner for the imposters—life insurance—that could all be deceptively stolen in unconscionable amounts and deceptively shared in unconscionable ways were also involved and everyone and everything could be exploited, blamed and eliminated, the instigated “legal case” was immediately sent to Minas to begin injecting the atrocities of human trafficking on an industrial scale, otherwise known as the “Family Disassembly Line.” For those imposters making bets on what parent or child they can cause tragedy for in the form of death first, the “Family Disassembly Line” is also a self-serving “Family Disassembly Casino.”

In that understandably dis-associated, false state of survival in the surreal circumstances mis-manifested by the imposters hiding behind the American flag, if Gledhill hadn’t eventually killed Johnson, the many thousands of other patterns in Utah, across the U.S. and beyond indicate that the imposters would not have stopped mis-manifesting and escalating the atrocities for Gledhill, Johnson and their three children with more and more layers of ongoing, deceptive cycles until some other tragedy happened.

Gledhill or Johnson might have fled the state with the children and then whoever did would have been unlawfully chased and killed or imprisoned for “kidnapping” their own children; just as other targeted parents have been “removed,” “silenced” or “eliminated” in those unlawful ways.

Or, it would have been the other preventable, gut-wrenching common tragedy imposter's cause by proxy that has headlines like "Mom Kills Three Children," "Mom Kills Husband and Three Children," "Father Kills Wife," "Father Kills Wife and Three Children."

Or, it would have been that Gledhill or Johnson in the imposter's escalating dis-association, alienation and scapegoating ended up quietly committing suicide somewhere without any mention in the paid, local "news." Or one of them dying in a prolonged way from "mis-self-medication" with alcohol or drugs as is more common to happen to targeted parents in the escalating dis-association and alienation but is still just as easy for the imposters to deceptively scapegoat.

Or Gledhill or Johnson would have been "silenced" and "removed" with an unlawful arrest and an unlawful imprisonment

But, in this preventable, ongoing tragedy, for convenience or for whatever reason, the imposters targeted Gledhill and Johnson in the escalating, one-by-one ways they did, and it was Gledhill who was the one to kill Johnson.

This not only "eliminated" Johnson as a parent but "removed" Gledhill as a parent too. With both parents "removed," "silenced" or "eliminated," the children can all now be exploited, blamed and eliminated as scapegoats too in the deeper and deeper layers of the child trafficking atrocities, just as the imposter's wanted.

All because the children's names are worth hundreds of thousands of dollars a year each in the most sinister layers Title IV-E schemes and that if Gledhill and Johnson could be "silenced," "removed" and "eliminated" the imposters could steal hundreds of thousands of dollars more from Gledhill and Johnson's bank accounts, retirement savings, home equity, credit cards and—life insurance—and keep it all hidden just as they are doing from moment-to-moment.

Another day for the imposter's human trafficking on an industrial scale.

Another full-speed use of the "Family Disassembly Line."

Another winning bet for one imposter or another in the imposter's self-serving "Family Disassembly Casino."

Trampled American flags soaking up American blood under the imposter's bloody feet then tossed out with the bottles and butts and "you-know-whats" and the flag poles and benches replaced with new American flags to do the same thing tomorrow just like it was done yesterday for the past 40 years.

Like my two daughters and the thousands of other targeted, monetized and trafficked Utah children, the Gledhill's three children have no idea what really happened at the hands of these nation-destroying imposters and that it all could have been prevented if deceptive imposters instigating these nation-destroying atrocities to steal billions of dollars and keep it all hidden hadn't been enabled in these unconscionable ways about 10 years ago and instead transparent "offices" had been created and were immediately available to implement transparent, constructive, nation-building solutions for Gledhill, for Johnson and for their three children.

There are so many ways that this could be done. That this isn't being done and that the imposters only continue it in worse and worse ways even when presented with discreet opportunities to "course correct" but individually and collectively they choose not to "course correct" is more indisputable proof of the eyes-sewed-ears-glued-tongue-stapled-wire-crossing-parasitic corruption that has become the "Imposter American Judiciary." Proliferated by "Imposter Americans" hiding behind the American flag, the "Imposter American Judiciary," is a deceptively weaponized, multi-billion-dollar "bloody-black-bubble" of funny-money that is now bursting under the better-than-bright-light of these red-white-and blue truths. (For anyone looking for an out-of-place "zombie apocalypse" the "Imposter American Judiciary" is indisputable proof that the "zombie apocalypse" has already happened and it started happening more than 40-years-ago.)

However, these atrocities have just been the "direct effects" over the past 40 years. Some of the "indirect effects" include millions of Americans among "Gen Y" and "Gen Z" in Utah and across the U.S.A. who are too afraid to get married and have children because of the countless horror stories they hear from their own neighborhoods or in the paid parts of the news under the deceptive propaganda of words like "custody" and "divorce" without knowing that millions of these ongoing atrocities happening every year are instigated and hidden by the thousands of imposters and their ad hoc copycats hiding in what used to be our local "courthouses."

Where it used to be normal to hear the symphony of children playing and see a glowing pregnant woman with a revolving door of smiling children running up and rubbing her belly, those elementary's are being closed and those playgrounds deserted by the nation-destroying imposter's echo chambers of doom.

Another "indirect effect" of these parts of these atrocities being exposed includes that "The State of Utah's" perpetually ongoing, particularly publicized "TRIPLE A CREDIT RATING" as a "state" over the past several decades as well as those behind that perpetually ongoing "TRIPLE A CREDIT RATING" have also been exposed as an unconscionable fraud. This includes Utah's current Governor Spencer Cox who on June 10, 2025 claimed to "Moody's" who along with "Fitch" and "S&P" is one of the "Big 3" credit evaluating agencies for states that, "Utah continues to be recognized as one of the best-managed states in the nation because of our commitment to fiscal responsibility and the incredible work of public servants who take that responsibility seriously every day." Cox for continuing his 11 year counterintuitive history as Utah's "Lieutenant Governor" and past 5 year counterintuitive history as Utah's "Governor" and for some reason failing again to acknowledge the fatal, nation-destroying, human trafficking on an industrial scale deceptively hidden within Utah.

Another "indirect effect" is that when the full scope, scale and depth of these atrocities are understood, the United States of America will have every lawful reason to temporarily revoke Utah's "statehood" while temporarily replacing the deceptive layers within Utah with a transparent form of leadership until a new team of patriotic, transparent and globally informed local leaders can be elected by Utah's residents and "statehood" can be restored, emulated and perpetuated in better-than-bright ways.

All that has to happen for these skin-crawling terrors to be rebuked and sealed forever in whatever hell they came from, is that special team of the Utah National Guard, the U.S. Military or another transparent agency begins looking into a sample of that 2024 list of 12,533 Utah children's names and the once paralyzing reality of these monsters nation-destroying hellscape will quickly unfold.

Hopefully that happens before the public has to demand it and imposters secretly hiding among that "public" use that as an opportunity to commit more terror.

Hopefully that also happens before the many thousands of the most sinister imposters disappear on their own.

In the process, transparent, constructive, nation-building solutions that can serve as models for bringing “awareness, intervention and advocacy” to deceptive layers in dozens of other states can also be refined, shared and shined in better-than-bright ways.

As these atrocities are measured and solutions are considered, it is important for all Americans to remember that it is the deceptive layers within these states that are “corrupt” not our “country,” and that without the imposters hiding behind the American flag and destroying the U.S.A. with their atrocities and committing worse and worse atrocities to keep them hidden, the U.S.A. is everything to everyone that every citizen wants it to be and the proudly flying, high flying “American Flag” and no other flag represents that for everyone in every better-than-bright way.

Lawfully together it is our U.S.A. to lawfully host the world with new invitations everyday so the music keeps playing in all the party places it is played in instead of being drowned by the imposters dark echo chambers of chaos that the imposters have deceived others with and turned the party into the imposter’s scapegoating atrocities of multi-billion-dollar-funny-money-laundering and human trafficking on an industrial scale and keeping it all hidden. Just as it is the lawful reward of every global citizen to lawfully host the world to the region they happen to be in without imposter’s scapegoating that reward away from them too.

It is also important to be aware that those named (so far) are just a handful of countless, counterintuitive, past and present role players within deceptive layers of Utah with connections going back decades that for some reason seem to be involved in creating the most funny money, steal as much of it as they can, keeping it hidden and deceptively trying to gain control of the U.S.A. and beyond.

This includes Cox's connections to that local federal judge in Utah logrolled into place by Hatch named Ted Stewart who in 2017 as a "federal judge" counterintuitively published a book criticizing the U.S. Supreme Court and all but demanding the dissolution of the U.S. Supreme Court (but not his role as a “federal judge.”) Cox was once a clerk to Ted Stewart. From 2013-2023, Stewart’s brother Chris was a member of U.S. Congress in the 435 member House of Representatives as a representative of one of Utah’s four congressional districts.

There are also other unprecedented connections to Utah that include two Utah governors in the past 22 years (Leavitt and Huntsman) vacating the role of Governor to fulfill sudden appointments in different “federal roles” as well as other counterintuitive connections going back decades. This includes Ezra Taft Benson who began as Secretary of Agriculture two years after the notorious chemist Sidney Gottlieb was appointed to “CIA” from the “Department of Agriculture” in 1951. (Does a “chemist” going from the “Department of Agriculture” to “CIA” raise your eyebrow too?) Benson would remain in that role for 8 years.

Before Benson, the highly controversial former attorney J. Reuben Clark was “Under Secretary of State” to President Coolidge and Hoover for that year of transition (1930-1931), then was Ambassador to Mexico for 3 years under Hoover (construction on the Hoover dam started in 1931. (Hoover, who the “Hoover Dam” was named after, was Secretary of Commerce when the dam’s construction was first proposed.)

Clark in 1934 began a 27 year role as an “apostle” in Mormonism’s top 15. For about 10 of those years he would be among the top 3. Regardless of his leadership roles in “Mormonism,” Clark was a known, outspoken anti-semitic and as an “Imposter Politician” (aka “bureaucrat”) Clark seems to have played a role in the counterintuitive, 6 year delay in the U.S.’s response to the killing of millions of “True Jews” across Europe by Adolf Hitler. There are also other peculiarities in how Hitler was “funded” or “supplied” and what U.S. connected companies and the entities connected to them made money off that “funding” and those “supplies.

(The law school at Mormonism’s privately owned “Brigham Young University” opened in 1973 and is named after J. Reuben Clark who passed away in 1961. In 1943 Benson was appointed among Mormonism’s top 15 for what would be the next 51 years until his passing in 1994. Nine of those years from 1985 to 1994 would be spent in the top role of “Mormonism” as “President.”)

(There are also many other names and connections between deceptive layers passed off as “Mormonism” and deceptively passed off as: “The U.S. Government.”)

Because of this and more, it seems that what has been happening, going back to the 1930’s and beyond, in the U.S.A., is that what some people refer to as a "Shadow Government" within the U.S.A. (aka "The Deep State") and that has had undeniable, published reach throughout all layers of the “U.S. Government,” including “FBI,”

“CIA,” “IRS,” “NASA,” (and counterintuitive layers of other “federal agencies,”) is actually: “Deep State Utah.”

It seems that going back those decades, "Deep State Utah" has been the deceptive leader at creating and exploiting billion dollar loopholes to launder billions of dollars of funny money as a way to “legitimize it” for what "Deep State Utah" seemed to believe would lead to it eventually compiling untold billions of hidden dollars like it has and "taking over" the entire U.S.A. and beyond.

Hatch logrolling the nation-destroying Ted Stewart into the local “federal courthouse” in 1999 was a key part of this because in that role Stewart would be able to silence any “federal lawsuits” by targeted parents trying to speak out about “Deep State Utah” but those targeted parents not knowing that the local offices of “The Federal Courthouse” were also controlled by “Deep State Utah” (that included imposter “attorneys” in Utah who would intentionally drag cases on for years trying to keep them hidden until the targeted parent was “removed,” “silenced” or “eliminated.”

However, it seems that the most sinister layers of imposters committing these atrocities in the unprecedented, dystopian ways they have for about the past twelve years and that has deceptively led to the deaths of millions of American children, parents and other citizens, has also led to these atrocities being exposed.

This includes that during the past five years including the retirement of Orrin Hatch from “U.S. Congress” in 2019 and the passing of Orrin Hatch in 2022, "the wheels have completely come off" for "Deep State Utah" causing the most sinister layers within "Deep State Utah" to be at war with each other without any regard for life of anyone, anywhere regardless of “role” or superficial “affiliation.”

(This is not to be confused with the decades of many thousands upon thousands of local followers of “Mormonism” being deceptively duped into suing each other in these same colluding, deceptively escalated ways and others that have mis-created many thousands upon thousands of these nation-destroying “legal cases” and others within Utah. The imposter “attorneys” and imposter “judges” in those imposter Utah “courtrooms” all quietly having ties to that same “J. Reuben Clark Law School” superficially “owned” by “Mormonism” too.)

This internal “war” is also part of why mountains of indisputable reports about these atrocities submitted by myself and countless others in countless different ways and to countless different “offices” in Utah, across the U.S. and beyond over the past seven years have gone silenced by the imposters and instead, those reports were secretly used among the different warring layers of imposters in Utah, across the U.S. and beyond, for leverage against each other.

Those "wheels coming completely off" by the ill-timed, counterintuitive actions of those nation-destroying imposters who are individual or simultaneous “Dystopian Lords,” “Dystopian Pawns,” or “Dystopian Patsies” within the many different layers of “Deep State Utah” including as previously mentioned Shelby, Oberg, Hatch, Cox, Stewart, Herbert, Durrant, Reyes, Brown, Gordon, Gubler, Snyder, Garcia, Crandall, Brotherson, Wright, Gardner, Kunkler, Faust, Minas, Knight, Brereton, Skanchy, Trease, Lang, Rivera, Jacobs, Heaps, Wall, Egan, Hancock, Gill and including Allison Libbrett, Virginia Sudbury, Allison Satterlee, Spencer Ricks and Ted Weckel (these latter five also deceptive, colluding members of the private association as deceptive, colluding “Ad Litem Attorneys” and “Attorneys”) as well as Amy Mitchell, Aaron Garrett, Patricia LaTullipe, Richard Plehn, Marty Olsen, Steven S. Christensen and still others (these latter six being ad hoc copycats holding different “titles.” This includes Mitchell’s deceptive “Ad Litem” status as a trainer of “BYU matriculatees” in the Matheson Courthouse Complexes deceptive “Office of the Guardian Ad Litem.” These six as ad hoc copycats not being directly associated with the private association as “members” for one reason or another).

The majority of these nation-destroying imposters being mis-matriculated through Mormonism’s, “privately owned,” “socially scapegoating,” “religiously excused,” “J. Reuben Clark Law School” within Mormonism’s “privately owned,” billion-dollar “Brigham Young University.” (Which, like the “Mormonism” controlled “University of Utah” and a handful of “public” universities in other states including the University of Idaho, also has its own working “nuclear reactor” and all the materials that go along with that even though “Brigham Young University” is “privately owned.”)

All 43 imposter’s names indisputably revealing that these nation-destroying atrocities of human trafficking on an industrial scale as part of laundering billions of dollars of funny-money can happen even though there are “too many eyes for something like that to ever happen” because the money is so big all those eyes aren’t actually “watching”

anything—they're looking at dollar signs instead and that is exactly why it happened and is still happening in worse and worse ways.

All 43 imposter's names representing deceptive, colluding males and females of a wide range of ages, backgrounds, mis-matriculations and intentions.

All 43 imposter's names being just part of more than 60 names in many deceptive layers within Utah who's individual and collective, commissive and omissive atrocities have resulted in so many layers of these atrocities being deployed, received, "chewed on," measured, managed, linked together and revealed in these unthinkable, ongoing, mal-reciprocating ways over the past seven years.

The names of several "law enforcement" officers are part of the 19 or so "redacted" from this document as a show of respect to "good law enforcement officers" in the U.S.A. and beyond. It is critical to note that "good cop" are our brothers and sisters and it is "bad cops that get good cops killed." Redacting the names of the "bad cops" as part of the layers of "imposters" will hopefully help minimize the confusion between "bad cops" and "good cops" and eliminate any "good cops" from being targeted in unlawful ways while the "bad cops" are rounded up in lawful ways.

(Believe it or not, there are bright, "good cops" everywhere who recognize the reciprocating value of "de-escalation" for the community, for other officers and for themselves and they see reciprocating solutions before ever thinking about their "gun" and they do not hesitate to tell "bad cops" to put their "guns" down. Stories of these bright, noble, "True American" citizens who also happen to be "good cops" continue to surface from moment-to-moment.)

The math says, if each of those 60 or so "imposters" are targeting "10" parents a week to individually and collectively filter to the 10 deceptive "Commissioner Offices," for the deceptive, nation-destroying, scapegoating atrocities of "exploitation," "blame" and "elimination," that is 600 parents each week targeted through just one local "courthouse."

If each targeted American parent has an average of 2 children, that's 1,200 American children targeted each week. Annually (x52 weeks) those numbers convert to 31,200 American parents and 62,400 American children being targeted in the ongoing, different layers exploitation, blame and elimination through just "one" of "ten"

deceptive “Commissioner Offices” in one local “courthouse” in Utah out of hundreds of local “courthouses” across the U.S. with untold numbers of “imposter” “commissioners,” “magistrates” and “judges” (or whatever other deceptive names are used within each of them.

These reports add up to the unthinkable conclusion that as deadly as the misguided, far-away, Vietnam War was for American soldiers, the “Imposter American Judiciary” right-here-at-home is even more deadly for American parents and children.

According to reports there were 58,220 “In Theater Deaths” (South Vietnam) of American soldiers (all but 8 were men) / 2,594,000 “In Theater” = a death rate of 2.2%. Other reports indicate that American men are four times as likely to commit suicide than American women but after being targeted by the “Imposter American Judiciary” that number for American men doubles to 8. Other reports indicate that for any American jailed (for any amount of time) the suicide rate doubles.

Starting with 1 targeted American mother out of 100 American mothers and starting with 4 targeted American fathers out of 100 American fathers then after American mothers and American fathers are targeted by the “Imposter American Judiciary,” jumping that number for targeted American fathers to 8 out of 100, then doubling both those numbers to 2 out of 100 American mothers for targeted American mothers and to 16 out of 100 American fathers for targeted American fathers to get a death rate for targeted American mothers of 2% and targeted American fathers of 16%, these reports and this math would suggest that it is not an exaggeration to say that “The Imposter American” judiciary is 8x more deadly for American men than the Vietnam War was for American men and exponentially more deadly for American women than the Vietnam War was for American women. (It should be noted that 59 other American females who died in the South Vietnam area during the Vietnam War were civilian nurses and other civilian workers.)

For the imposters, when it comes to targeting American fathers first for “elimination,” and then targeting the American mother for “elimination” second as part of wrongfully removing the targeted American children into deeper and deeper layers of the fatal, nation-destroying atrocities, the imposters will be able to eventually “eliminate” 1 out of every 6 American fathers they target.

If there are an average of 650,000 new divorces instigated by the imposters every year and 16% of those targeted American fathers are eventually not surviving, that equates to the deaths of 104,000 American fathers every year deceptively caused by the “Imposter American Judiciary.” For American mothers, that 2% equates to 13,000 American mothers eventually “eliminated” every year.

Also supporting this unthinkable number is the reported average of 40,000 American men dying by suicide every year and 10,000 American women dying by suicide every year.

Also supporting that number of 650,000 new divorces instigated by the imposters every year is that there are 6,000 deceptive, colluding members of the private association (most of them in the U.S.) and if each of them targeted 10 American parents every week (without the dozens of other layers of deceptive, colluding imposters) that number alone would be 600,000. However it would also make sense that with the dozens of other layers of imposters and each person targeting 10 or so American parents each week that it would take 120 million American parents being targeted to reach that number of 600,000 new divorces instigated every year. (1% of 120 million is 1,200,000 / by two parents in every divorce = 600,000 divorces.) (This is also excluding the millions of senior citizen American’s different layers of imposters are fatally targeting to “exploit,” “blame” and “eliminate” in other life-ending, nation-destroying ways.)

120 million American parents being fatally targeted by 60,000 or so deceptive, colluding, enabled imposters across many deceptive, colluding layers hiding in local “courthouses,” “police departments,” “jails” and other “state sponsored offices” explains why only 60,000 or so “imposters” were able to shatter the foundation of the U.S.A. as part of the U.S.A. failing and why it didn’t take an “army of millions” to do it. (This is also why it is the smaller kiddos that are leading the way at saving the world and creating The New U.S.A.)

(If you want to know what it is like to see a superficial, organization indisputably outed as a real, nation-destroying, globe-destroying “Domestic Terrorist Organization” hiding within deceptive layers of the U.S.A. before the President of the United States of America knows, you just experienced it.)

However, I am also going to submit, because the suicide rate for children is regularly exponentially higher in parts of Utah than anywhere else in the U.S. year in and year out, that in Utah, the “kill squad” of 400-600 “Imposters” across many layers are also intentionally causing the deaths of a number of mothers and fathers that is exponentially higher in numbers than that “2%” for targeted mothers and “16%” for targeted fathers and is closer to 20% (1 out of 5) for targeted fathers and 25% (1 out of 4) for targeted mothers. (Perhaps one day, real world data rather than the data misfed to the “paid” parts of the media will prove it’s even higher than that.

This is another reason why a “military response” in Utah by the U.S. Military is not only justified, but is urgently needed and is horrifically more-and-more overdue with every passing moment not just for Utah but for the rest of the U.S.A. that could benefit widely from a model of “awareness, intervention and advocacy” to follow, even if it was just a few days ahead of them.

Deep breaths. Again. And again because the justifications in Utah for a “military response” by the U.S. Military have revealed themselves in even more unthinkable ways over the past five years.

This includes the notoriously corrupt former Utah Governor Gary Herbert betraying former Utah Governor Jon Huntsman who Herbert was “Lieutenant Governor” to before Huntsman was appointed to be U.S. Ambassador to China in 2009. An appointment that Huntsman accepted and that made Herbert “Governor.” All of them as well as the many others with counterintuitive connections within deceptive layers of Utah and beyond all claiming to be followers of the same Utah version of the counterintuitive monster that deceptive parts of “Mormonism” have been for more than 100 years.

This includes: the dying roots of global “anti-semitism” publicly going back to Clark in the 1930’s, then going through the global roots of anti-catholicism that was at its peak when popular Catholic President Kennedy was assassinated in 1963, then going through the global roots of racism that were peaking for the years including the assassination of Malcom Little (aka Malcom X) in 1965 and the assassination of Martin Luther King in 1969 to almost 10 years later in 1978 when the deceptive layers of Mormonism finally allowed “all races” to be “full members of the church” (as long as they kept paying at least a 10% tithe), then going through the global roots of these ongoing atrocities starting in 1980 through today moment-by-moment and that

includes the ill-timed, counter intuitive actions involving untold billions of dollars spent in ways “True Mormons” were led to believe weren’t possible for any layer of “Mormonism” to spend them in. (Phew! Deep breaths. Again. And again.)

(This includes: Proposition 8 in California, a \$2 billion dollar mall in Utah as part of untold billions of dollars of commercial real estate across the U.S. and beyond, untold billions of dollars of counterintuitive stock in more than 1,600 entities with “off-the-record” control in many layers of those different entities, TV stations including “NBC” TV in the West, newspapers, etc... all originating from “ecclesiastical” claims for “ecclesiastical” purposes but then mis-matriculated for “commercial” purposes while those “ecclesiastical” purposes go ignored. A critical detail that continues to go silenced by imposter “attorneys” and imposter “federal judges” with connections to “Deep State Utah” as one high-profile case after another continues to be filed from Utah, from California and elsewhere with fearless billionaire names like “Huntsman” and “Green” attached to them or raising awareness about them in one way or another.)

The counterintuitive commissive and omissive misbehaviors of the imposters in Utah and others brings an even more sobering, alarming and concerning revelation to what the term "Deep State Utah" might really mean and what other deceptive layers “Deep State Utah” is really hiding behind (and fighting each other behind) within Utah. That includes being not just “imposters” but being “Imposter Mormons” too.

When it comes to “Mormonism” other questions to ask include:

What if in the early 1800’s, as a way to try to save the 23 warring states that made up the failed U.S.A. on paper, a “book” was written by a group of fearless, patriotic, dynamic men who had congregated in the Port of New York but that “book” was stolen by a wealthy man 300 miles away in Palmyra, New York before they could publish it?

What if the wealthy thief did this because he had his own patriotic, but darkly altruistic version of a plan to save the failed U.S.A. and he knew about the book because decades before he had been a childhood friend of one of the writers and he knew about the plan because it was a topic of discussion among a brotherhood that the likes of George Washington (1732-1799), Benjamin Franklin (1706-1790,) John Hancock (1737-1793) and Paul Revere (1735-1818) were patriotic members of and that more

than a dozen other patriots had tried to carry out similar versions of that plan that would also become the roots of Harris' plan but they didn't have a "book" or a "boy" as part of their plan?

(Because the word "brotherhood" might denote sentimental feelings of whitewashed unity, camaraderie and "get-it-done-ed-ness" it's important to note that during this "burned over" time, this "brotherhood" was a melting pot of factions within factions and imposters from within and without the primitive borders of "The U.S.A." and that when added to the other challenges of the time including counterfeiting already going on across many "states" it all made parts of the "brotherhood" more like a run-a-way furnace in one of Revere's noble refineries than a polished, kettle coming out of those refineries.

What if the wealthy thief then used his resources to control a nomadic family who had stumbled into Palmyra and the wealthy thief did this until one of the nomadic family's sons would not refuse to do what the wealthy man forced him to do with the book?

What if it took 10 years for the wealthy man to publish the book under his own title and mis-purposes because no one in Palmyra wanted to be a part of the wealthy man's plan so the wealthy man had to rely on an endless river of fearless nomads he brought on his barges on the recently completed Erie Canal to Palmyra from the port of New York?

What if over the next 20 years that son of that first nomadic family eventually gained the misguided courage to confront that wealthy man and the wealthy man had him, his older brother and their younger brother killed for it? (The two first and then the younger brother 33 days later.)

What if that man then chose from a long list of willing, patriotic but darkly altruistic followers to replace the son and what happened over the next two years from 1945-1945 opened the door to the West in ways with its wagon-train whittled down to 143 surviving men, 3 surviving women and two surviving children from places like England, Scotland and Denmark (with other children and babies left in the seas and wind-swept, high-plain graves along the way) all believe in each other as much as they believed in that patriotic book doing under other's patriotic, but darkly altruistic mis-purposes what no other wagon-train had been able to do in seventy years and that after a 24 year dearth in creating new states, during those two years, "the good parts"

of the U.S.A. began to be able creating new states again and surviving as “The U.S.A.” by over the next 40 years claiming the rest of “The West” before other nations could solidify their footholds?

Those ways of claiming “The West” by the deceptive layers that followed also wrought with decades of counterintuitive atrocities that those first surviving 148 “saints” would have immediately crumbled into their own graves at even the thought of those atrocities happening. Their fearless, “impossible but necessary,” supernatural efforts and bottomless sacrifices to get to that place strategically located in the dead center of “The West” where with fingernails, pangs and nothing but the potential of emptiness, the sprouts of “life” were manifested.

Being able to create those new states after 1847 also allowed the U.S.A. to continue as “The U.S.A.,” 20 years later through the nation-destroying, four year long Civil War that happened and was brought to an end in April of 1865.

(A about a year before the imposters began targeting my two daughters and me seven years ago, I became one of the originators and most outspoken purveyors of these previous questions about “Mormonism” and the answers for them and countless other questions and answers that are more collectively comprehensive and far more accurate in better-than-bright ways than any other explanation for “Mormonism” ever. I have shared those questions and answers for free in a separate pdf that is also a “work-in-progress” and that has been downloaded tens of thousands of times under the name “Secret Not Secret” and that is also available for free but under different use terms through a link at [linktree.com/operationwalkout](https://linktree.com/operationwalkout).)

Because it is relevant for 2025, in regards to the U.S.A., we also have to ask:

What if during the Civil War, a lone, misguided “federal judge” in “The South” had ruled against Lincoln’s 1863 Emancipation Proclamation?

Would the Civil War have stopped and the issue of “abolishing slavery” been suspended and continued until “The Supreme Court” ruled on it?

Is this why the “founding fathers” hedged political structure in ways that no lone person could be accused of “acting alone,” be influenced to “act alone” or be tricked

into “acting alone” in representing “The U.S.A.” regardless of what their “title” or “role” may be?

Even though counterfeiting was already happening in the handful of states that existed on paper in the late 1700’s, the “founding fathers,” who had never sipped a soda through a straw while flying on a gorgeous luxury jet or had ever even seen a jet, a straw, a stolen book or two or even a lightbulb, did they ever fathom the many layers of terrors that could be proliferated by a deceptive, self-serving, counterintuitive, globe-destroying, counterfeiting monster like “Deep State Utah” and the other imposters. (For some more insight into “The Bible,” it's important to note that the word: “Bible,” isn’t actually anywhere in: “The Bible.”)

It's important to note that Utah’s current Governor Spencer Cox's counterintuitive misbehaviors since deceptively “winning” the “Utah Governor Election” in 2020 and then deceptively “winning” again in 2024 (even though Cox lost the Utah Republican primary for Governor in 2024 to another controversial candidate) and Cox who a year before in 2023 was also “somehow” appointed as "chair" of the "National Governors Association" (even though no “Republican” governors showed up to the 2023 meeting and only five “Democrat” governors did), as an individual or simultaneous “Dystopian Patsy,” “Dystopian Pawn” or misguided “Dystopian Lord” in “Deep State Utah,” the counterintuitive misbehaviors of Cox also include Cox’s counterintuitive "Anti-Republican" statements suddenly and publicly made to the world on “Democrat” leaning CNN against Republican Presidential nominee Donald Trump in mid-July 2024 just days before the 2024 Republican National Convention. These mid-July days also became the days right before the Republican National Convention that included the counterintuitive assassination attempt of Donald Trump in Butler, Pennsylvania on July 13, 2024.

However, “mid-July” also includes the days immediately after the assassination attempt and during the Republican National Convention Cox’s counterintuitive public reversal of those statements made just days before the assassination attempt.

A day a few weeks later in August also includes Cox deceptively instigating the publicity nightmare for Trump at Arlington involving the grave of a late “LDS” (“Mormon”) American soldier and private photos taken at that grave with family members of the American soldier and Trump at the invitation of Cox.

Did this impossibly counterintuitive chain-of-events by a “U.S. Governor” towards a “U.S. Presidential Candidate” (who was also a returning President at the time) happen over those days and weeks because “Deep State Utah” was planning on deceptively replacing the “suddenly” assassinated Trump with Cox at the Republican National Convention so Cox could keep “Deep State Utah’s” multi-billion-dollar-funny-money-laundering and human trafficking on an industrial scale secret?

(As of June 2025, did it also have something to do with “Deep State Utah’s” dystopian attempt to secretly “sell” off billions of acres of U.S.A. public lands deceptively ferried through Mike Lee the Imposter U.S. Congressman from Utah as a way to try to keep hidden the billions of dollars in laundered funny-money fearlessly discovered by DOGE and/or as a way to launder billions more in funny-money and keep it hidden too? Because of “Deep State Utah’s reach and “technological glitches” in local elections including Cox’s “winning elections” in 2020 and 2024, it’s highly likely that “Utahn’s” didn’t actually “elect” Mike Lee or John Curtis the other U.S. Congressman from Utah either. It will be interesting to see what “Deep State Utah” has Curtis is queued up for.)

When the assassination attempt failed, even with the peculiar actions of countless “FBI,” “CIA” and others with no collective, rational, reconciling explanation for those actions ever being publicized, in the days after the failed assassination attempt Cox reversed those statements against Trump as a way to get close to Trump as part of instigating the publicity nightmare for Trump at Arlington to try to eliminate Trump from winning the election and keeping “Deep State Utah’s” secrets hidden in that way?

(As of June 2025, we also know that “someone” was running the Biden/Harris “auto-pen” and thousands of “presidential signatures” somehow included pardoning an imposter judge previously convicted of trafficking more than 2,000 Pennsylvania children to one of many “privately owned correctional facilities” in the U.S. in exchange for a pittance of \$2 million dollars when compared to Deep State Utah’s billions of dollars of funny-money as well as a signature with that “auto-pen” preventing 60 new “Federal Judge” roles from being created by “the good parts” of the federal government. 60 new “federal judge roles” that would have greatly increased the chances of the nation-destroying “Deep State Utah” eventually being exposed in other ways. Because of this even if Trump won the Republican Primary like he did but was prevented from winning the election because of an instigated publicity nightmare

and Harris had won instead of Trump, the many deceptive layers of “Deep State Utah” still would have had no challengers in keeping their secrets hidden. Harris’ own counterintuitive history going back decades and the “swipe of her own pen” unlawfully imprisoning untold numbers of innocent and targeted California parents as part of these atrocities also happening in California and also being revealed during those same days.)

(As of June 2025, Cox’s continued absence in the media in light of critical events in Utah over the past days, weeks and months as well as Cox’s counterintuitive announcement that he is “retiring” from “office” in “four years” just days after this current 4-year-term as “elected” “Governor” started is another indication that there are many layers of “Deep State Utah” that Cox seems to be mixed up in in nation-destroying ways and that across the many layers as they relate to him and his brother-in-law Mike McKell who is an imposter member of the Utah State Legislature, Cox is simultaneously a “Dystopian Lord,” a “Dystopian Patsy” and a “Dystopian Pawn.” Adding to the radioactive-powder-keg that the layers of “Deep State Utah” have become, there are also reports that Cox spends “weeks at a time” out of the country.)

(It’s also important to note that combined with Mitt Romney—Cox and Romney are the only two "Republicans" associated with the same state to ever publicly not-support their “claimed” political party’s “Presidential Nominee” while still “claiming” to belong to the same “political party.”)

Because “Deep State Utah” goes back decades and includes published reports highlighting hidden layers of the “U.S. Government” including the "FBI," "CIA" etc, and that includes those layers using the dystopian, "Dark Psychology" tactics of “financial deception,” “alienating,” “trivializing,” “invalidating,” “fear mongering,” “shame mongering,” “gatekeeping,” “isolating,” “virtue signaling,” “The Trauma Bond” (driven by the broken targetee being mis-appropriated in a deceptive, mal-adaptive, unthinkable way by the broken targetor as a maladaptive response to the broken targetor’s own mal-reciprocating “Trauma Bond” and parts of the now targeted broken targetee also mis-appropriating parts of the targetee in more deceptive, maladaptive, unthinkable ways mis-creating the insidiously deceptive, mal-adaptive, mal-reciprocating, cultural spiral that is: “The Trauma Bond”) and other forms of fatality inducing "scapegoating," it seems that over the decades these tactics have gone from being used by “Deep State Utah,” to being used across the U.S.A. and beyond

but over the past four decades have then come back on all of the U.S.A. in even worse ways as we continue to see being committed by other imposters in layer upon layer in genocidal, previously unimaginable ways.

This includes those "Imposter Jews" (rather than "True Jews") outside of the U.S.A. using the same dystopian, "Dark Psychology" tactics to first silence hundreds of thousands of "True Jews" in Israel from speaking out against the "Imposter Jews," the "Imposter Jews" murdering children and their parents in Gaza over the past 30 years, the "Imposter Jews" murdering tens of thousands of children and their parents in Gaza over the past 625 days and over the past 625 days also bombing Syria, Lebanon, Yemen, the coast of Malta and Iran. All counterintuitively done by the nuclear-missile-hoarding "Imposter Jews" in the hijacked name of "Israel."

This is even though hundreds of thousands of "True Jews" in Israel have protested in the streets for years demanding the removal of the "Imposter Jews" that include the unpredictable, tyrannical, scapegoating "Benjamin" (aka "Bibi") Netanyahu and his deceptively trained "psychologist" wife "Sarah." (Both who have avoided mountains of charges including the assassination of the late Jewish leader Yitzhak Rabin, embezzlement, bribery, kidnapping, crimes of causing humanitarian crisis or other unimaginable terrors going back decades that a "True Jew" would never commit.

The denouncement of the "Imposter Jews" deceptive use of "Israel" being a dying cry of "True Jews" in the area and unimaginably further from the peaceful, unarmed, "settlement" that "Israel" was deceptively claimed to be when it was created by deceptive layers hiding behind the U.S. Government in the peaceful, already occupied country of Palestine in 1948. (In the streets of Israel, some "True Jews" have even been heard chanting, "Imposter Jews smell like poo, Netanyahu's that is you!") An unneeded "settlement" that now seems to have really been an excuse for laundering untold billions of dollars every year for those deceptive layers hiding behind the U.S. Government.

While this may seem trivial today when billions of dollars are bounced around the globe and disappear with the tap of the screen on a mobile phone, in 1948 the concept of a "nation" for "Jews" would have been the perfect cover for the deceptive layers of "Deep State Utah" already hiding behind the "U.S. Government" to artificially legitimize billions of dollars of "funny money" by laundering it through that deceptively created "nation."

With the atrocities of “The Holocaust” lingering in the non-existent “news cycle” back then, no “Swiss bank” or any other bank in the world would raise any questions about billions of dollars going from parts of “The U.S. Government” to “Israel” then diluted in deceptive ways to countless other deceptive entities back then.

That also provides insight into why with the popularization of the internet 25 years ago, more and more questions have been asked but more and more counterintuitive atrocities have been instigated to avoid those questions. This includes what was discovered by DOGE in early 2025 but has been scapegoated away into “Deep State Utah’s” dystopian spirals of cognitive dissonance and other counterintuitive atrocities.

If “Elon Musk” is a “Nazi” then what was “Adolf Hitler? Really. Anyone who has called Elon Musk a Nazi should be sentenced to being a servant of “True Jews” anywhere until they are willing to actually read one single page regarding any of the endless atrocities committed against “True Jews” by the peculiarly funded, peculiarly enabled Adolf Hitler. Although by 1936, Hitler was known to be on an unsustainable amount of pharmaceuticals having research roots going back to parts of the U.S.A. nine years Hitler, not once, built a giant rocket, built a car and then successfully launched them both into space (with a full-helmeted-spacesuit to fill the role of driver.)

Adding to this in worse ways, what do the most sinister layers of “Deep State Utah” care if among the dead in Gaza, Syria, Lebanon, Yemen, Malta, Iran and other countries are a few million people who happen to be “True Ashkenazi Jews,” “True Sephardic Jews,” “True Mizrahi Jews,” “True Muslims” or “True Christians” with a few thousand U.S. troops on potentially sunken U.S. aircraft carriers, submarines and bases also thrown in among them? Doesn’t that just benefit “Deep State Utah’s” deceptive expansion “interests” and keeping those “interests” hidden?

With song titles like “Do What Is Right” and “Put Your Shoulder to The Wheel” sung every day in more than 5,000 “LDS”/ (“Mormon”) congregations in Utah alone all dutifully under the direction of “The First Presidency” and “The Quorum of the 12 Apostles,” the ongoing silence in all of this over the past 100 years through this very moment is deafening. (Isn’t it?) There is a reason for that and there is not any single person to blame for it.

Perhaps, the bombing of Iran that the "Imposter Jews" are doing has something to do with only "Deep State Utah" being aware that those untold billions of dollars laundered through "Israel" year-after-year for so many decades were actually "funny money" hidden behind the "U.S. Government" and that "funny money" is stopping because of what "DOGE" fearlessly found but the "Imposter Jews" don't know that is why?

Perhaps this is why it seems that the misguided "Imposter Jews" are going to keep murdering and bombing and waging war in many different ways on everyone (including the U.S. eventually) as part of their misguided retaliation for those billions of dollars in "funny money" stopping? (This also shines a light on why on June 8, 1967, deceptive parts of "Israel" killed 34 American military personnel and injured 171 who were serving on the unarmed U.S.S. Liberty "radio ship" whose sole purpose was to float around in international waters and listen in on conflicts other countries were involved in. At this time, deceptive layers within "Israel" were involved in what was named "The Six Day War" against Egypt, Syria and Jordan.

There is a LONG list of attacks on other countries from that "peaceful settlement" known as "Israel." Each attack not representing "True Jews" in "Israel" or "True Jews" anywhere else around the globe and "True Jews" in Israel and True Jews around the globe have been trying to get the globe to see that for decades. The counterintuitive atrocities of a deceptive scapegoat being used as a deceptive scapegoat by a deceptive scapegoat and the two deceptive scapegoats also being in a hidden, globe-altering "war" with each other without knowing who "each other" really is is clear. (It seems it has something to do with the "Imposter Jews" own misguided, deceptive plans to take advantage of the insidiously undermined, failing U.S., gain control of the U.S. and then use that control to control the rest of the world for their own mis-purposes and to what unknown demise for anyone who questions "them" if "awareness, intervention and advocacy" are not immediately introduced.)

Like the U.S. has experienced with it's own "judiciary" being hijacked by imposters, it's also important to note that in the summer of 2023 before the "Imposter Jews" ramped up their genocide in Gaza to "too impossible to ignore" levels, "True Jews" in Israel were also experiencing the same thing at the hands of the "Imposter Jews" through attempt by the "Imposter Jews" to control the "judiciary" in "Israel" in unconscionable ways and that is another reason the "True Jews" were protesting in the streets by the hundreds of thousands. Protests that were suddenly silenced 625 days

ago on October 7, 2023 when Israel's fabled "Iron Dome" that "can stop any missile" was somehow...not even parachute proof for several hours?

After the June 21, 2025 bombings of Iran by President Trump arbitrarily using U.S. equipment and personnel for counterintuitive purposes, Iran while being attacked by "Israel" somehow patiently, politely and in a continuation of long-suffering ways (while also sometimes singing,) has so far, found a way to "take the high road" by refraining from using its aircraft-carrier-destroying, military-base-destroying arsenal of "Sejjil" missiles. Each designed to reach space heights of nearly 300 miles high then covering that distance back to its target in just 300 seconds at a supersonic speed of 4,000 miles per hour. That patient, polite, long-suffering and sometimes singing Iran who hadn't fired a missile back at Israel for 30 hours when President Trump's mis-appropriated bombs hit those three Iranian targets.

Ironically "Iran," just has to continue "taking the high road" and not-do-anything in response and that will quench the burning globe with knowing who the "Imposter Jews" really are. In that quenching, those who enabled the "Imposter Jews" for whatever reasons they really did, will face a growing wave of drowning questions.

Without the right answers, those questions turning into a growing wave of shame inflicted by "True Jews," "True Muslims," "True Christians," "True Americans" and well-informed "True Global Citizens" regardless of what lines were drawn "on paper" over the past 225 years.

That metaphorical wave that carries the weight of a legacy-pre-empting crash, far-harder than any "bomb" or billion-dollar-pile-of-now-useless-cash mis-created by man ever could. When it comes to other challenges within Iran presented by its people to its leadership, the decades of scapegoating that they have collectively suffered together could have instead been decades of "awareness, intervention and advocacy" for all finding measured, tiered solutions for all. ("The truth is like a lion...you don't have to defend it...let it loose and it shall defend itself.")

With this, as of June 21, 2025, unfortunately for "True Jews," "True Muslims" and "True Christians" around the globe and for millions of targeted, exploited, blamed and being-eliminated American children, parents and other citizens in the U.S.A., unfortunately it has become abrasively all-too-apparent, that as for President Trump, the \$2 billion paid to him by proxy through "Imposter Jew" and son-in-law Jared

Kushner in 2021 by a country “nearby” Israel that is in competition with “Iran” has officially turned from “Lawful Green” into —“Blood Money Red.” That amount mis-morphing the walls of the Oval Office into a shattered mirror painted with inconsistent darker and darker shades of red of all ages made visible or not depending on what light of “Unlawful Green” is or isn’t reflecting through the windows off the well-manicured White House lawn outside.

(Or perhaps that initial \$2 billion dollars from that nearby nation was supposed to go to “Deep State Utah” but went to Trump instead and that’s also part of why “Deep State Utah” tried assassinating Trump in Butler, PA on July 13, 2024 and replacing him with Cox.)

By the end of 2024 that original \$2 billion dollar amount then jumping another \$1.5 billion paid from two other “nearby countries” and then as of March 2025 jumping to a total of over \$4.8 billion (with a gorgeous \$400 million dollar luxury jet also thrown in by one of the two latter countries.)

That \$4.8 billion now seeming to have been understandably paid to President Trump to not forget about them in those different shades of red that include the nuclear capable “Imposter Jews” sociopathic genocide in Gaza over these past 150 days of “The #47” presidential term but also the “Imposter Jews” sociopathic bombing of those other countries over the past 600 days including the unprovoked bombing of Iran over the past week or two. (“If the only tool you have is a hammer, it is because you have let others trick you into believing that everything is a nail.”)

President Trump not-seeing those different shades of red mis-morphed from the light of that unlawful green arbitrarily appropriating the U.S.A.’s B-2 Stealth “Spirit” bombers and missiles from a few U.S. submarines and the brave U.S. military personnel that operate and maintain them from home bases around the globe to attack “Iran” on behalf of the “Imposter Jews” and to likely do so without those fearless U.S. military personnel having any idea about the \$4.8 billion paid to Trump by proxy through Kushner.

For those fearless, global-peace-keeping-patriots that didn’t know, it would be interesting to hear their perspective of this “after-the-fact.” Perhaps as lawfully as possible and in regards to the U.S.A.’s founding values, they too will want to be a part of a globally participating, globe-saving “Operation Walkout” expected to begin being

held in ongoing, reciprocating ways twice everyday at 11:11 a.m. and 11:11 p.m. (local times) for 11 minutes and 11 seconds no matter where participants are or what they are doing to represent that each victim, each person, each “global citizen” is “ONE” individually and “ONE” collectively. That “Operation Walkout” gearing up to continue until “awareness, intervention and advocacy” are being transparently introduced and in the process beginning the vaporizing off-the-face-of-the earth forever these atrocities and the imposters that proliferate them.

(For your loved ones who don’t know what “Operation Walkout” is, encourage them to read this document for the 11 minutes and 11 seconds everyday until they do.)

Let a white handkerchief being waved or a blank-white-sheet-of-paper being held up or a “paper airplane” made out of a blank white sheet of paper become the symbol of “Operation Walkout.” This is because for a moment, when I was being held hostage in the Salt Lake County Jail, the “paper airplane” became a symbol of freedom for me and the 54 or so other “inmates” in the “pod” I had been relocated to (the third of four total “pods” across the Salt Lake County Jails two facilities in West Valley City.)

The day was Easter 2024 and I asked the guard on duty for permission to hold a “paper airplane flying contest” with prizes for the top three finishers as a way to celebrate the day. We were lucky to have an experienced guard on duty fulfilling his in-human, 12-hour shift for the day and over the years he had seen enough of the imposter’s atrocities to know that “double-digit-percentages” of us in that “pod” had absolutely no reason to be there and of the small percentage that did, they deserved better too—in jail, and long before they ever got there.

The three prizes: 1st place, was an unopened “Moon Pie” that I had managed to get my hands on and that I put up as part of that. Another inmate put up a scoop of instant coffee to go with it as well as another but solo scoop of instant coffee for 2nd (for those who have been in jail at least two weeks and who during that time have been able to get their hands on a “commissary cup” for water or instant coffee even if it’s mixed with not-so-warm water, a scoop of instant coffee is as good as gold. The prize for third place was a pack of ramen. (In jail the ramen is eaten by adding water to the plastic package (even with not-so-warm water) and letting it sit until the noodles are soft enough to chew or patience waiting for them to get soft-enough-to-chew has run out.)

If I could have predicted how rewarding it would be, to hear what I heard other “inmates” saying on the phone to their loved ones after the contest was over on an Easter Sunday as a Courthouse Castaway among so many Courthouse Castaways, I would have stood-in-line for a chance to go to jail long before I was ever kidnapped and held hostage there.

I didn’t go into jail with this perspective though. (Hopefully that means I’m “human.”) It was on March 5, 2024 after I had been unlawfully arrested and kidnapped the first time and while locked in the booking area a “skater kid” who also deserved much better suddenly said to the person two places away from me “Hey, you got this!” Then to the next person, “Hey, you got this!” Then to me “Hey, you got this!” And suddenly the bologna sandwich combined with the metallic-petroleum-waste based aroma radiating throughout the jail that had unexpectedly become my lunch and dinner that day and night didn’t taste so bad. So when I was unlawfully arrested and kidnapped again a week later on March 13, then still being unlawfully held hostage and imprisoned through Easter on Sunday March 31, 2024, that paper airplane contest was my way of saying “Hey, you got this!”

“You Got This!” also became a kindergarten-sized-pencil-scribbled-immeasurable-impact-sign stuck to one door or another or one window or another during my time there and everytime it did, the mood in the pod lifted in more immeasurably rewarding ways.

It is another example of how a person can find ways to give even when they have nothing to give. Because of that “skater kid,” I cultivated “You got this!” as my way to give. (I also apparently was the first to reverse-engineer how to build soft-ball-sized soccer balls with a respectable level of “bounce” out of certain kinds of trash that was only available to a handful of rotating “inmates” one or two times a week. More experienced inmates figured out how to keep the “mini-basketballs” and “mini-soccer balls” hidden from the regular “cell tossing” inspections by sometimes-less-than-happy-to-be-there-guards. Other inmates wanted to help me broker the world-champion-building apparatuses to other cells in the pod but we didn’t quite get to what a “fair” split of the bounties would be. Principles of “Risk” vs. “Reward” vs. “Time To Get the Materials” vs. “Time To Source The Materials” vs. “Time For Me To Make One” vs. “The Risks For Me Of Getting Caught Making One” losing traction to the less-measured flow of “jailhouse conversation” such as “Jordan vs. Lebron,” “Ford vs. Chevy vs. Toyota” in the mud, on the road or on the track, “Jeopardy” re-runs and

cards (all of which I'm nowhere near as good at apparently.) Others do it through "art" equal to any gallery you've ever seen. Others do it through telling stories. Others with barbershop experience do it by creating the most intricate, time-consuming, 3-D braid designs ever contrived. Others do it by letting the grayer kiddo take their place at the front of the line (or waking him up so he doesn't miss getting in line.) Others do it by giving up time on one of the three phones (of 5 that are supposed to work) so a call can be made by someone else to someone else hoping to get a call. Others do it by making sure the scrawny kiddo who needs to gain a few pounds can get any leftover bites of food instead of them going into the trash. (Because of this, and because of the minimal amount of calories regimentally supplied to "inmates," almost zero calories go in the trash no matter who's tray it started on, no matter what type of shades they wear outside of jail or what shade they are in jail.

Because of the "Great Salt Lake" and "Utah Lake," in Utah "seagulls" are fairly common and are known for raiding unattended picnic blankets at playgrounds, because of that in the Salt Lake County Jail, these kiddos are referred to as "seagulls" because they can't ever get enough to eat. The horrible, neglected reality however is these "kiddos" likely contracted tapeworm from being neglected or homeless and whether they're 18, 48 or 108 and in jail as a "seagull" it is the undiagnosed and further neglected tape worm that is the reason they can't ever get enough to eat. Make sure to thank Rosie, Spencer and all the other imposters for that added atrocity (that is one of many added atrocities of the Salt Lake County Jail) too.

...After those arbitrarily scapegoated, June 21, 2025, U.S. B-2's and submarines were back in places where things make more sense to their operators and maintainors and with J.D. Vance, Marco Rubio and Pete Hegseth absently staring into an unpredictable future for them in their respective roles and as "Americans" while the three of them were superficially set in place behind President Trump on the doctored red-white-and-blue-soles of their soul-betraying shoes, it was "lights, camera, action!" and President Trump was again on TV to the world with no one but the most sinister layers of "Deep State Utah" and a few others really knowing what had brought the four self-betraying pilots ("Pilates") to that short-sighted, self-betraying screen.

President Trump's mis-guided accusations of Iran being, "the bully in the Middle East" made the fabled red-white-and-blue blood visibly run from Vance, Rubio and Hegseth's faces. They all looked as if they were desperate to say something but they

couldn't decide if "that moment" was a good time even though for them it was, "the only time."

(Yes we all know by now that J.D. Vance's name has changed over the years from his birth name of "James Donald Bowman," to being changed by his mother to "James David Hamel," with or without the nudging of a second step-father, to "James David Vance" to being changed by him in 2013 to James David Vance in honor of the surname of the grandma and grandpa who he credits with raising him amid the mis-societal challenges he faced. And yes we all know by now that in 2016 he was an outspoken opponent of Donald Trump running for President as "#45.")

President Trump's now far-from-American scapegoating and short-sighted mis-justifications trying to keep others from asking questions about "certain things" only leaving others to look beyond President Trump and stare at Vance, Rubio and Hegseth with eyes-wide-open before, the four self-betraying pilates of their own mis-guided crafts turned their backs again on what was really happening behind it all and the lights went dark as they walked away. In that moment, knowingly or unknowingly more "Pontias" than "J.D.," "Marco," "Peter" or "Donald." Something it seems all of them should have known but didn't. Perhaps time will tell why they didn't.

The also-at-war-with-themselves layers of "Deep State Utah" individually and collectively breathing another giddy sigh of relief in deceptively hijacked offices in places like Utah, Virginia, D.C. and beyond. One report after another I had previously sent "certified" or "FedEx'd" that could have prevented this latest mis-turn of events for President Trump sitting buried and unopened in Washington D.C. and Virginia landfills somewhere. Likely tossed there by the hands of others made to be more sympathetic to "Deep State Utah" than the "roles" within arms reach of the President that they fill.

That misguided accusation by President Trump towards Iran of accusing Iran of being the "bully of the Middle East" being his worst mistake though. This is because it clearly reveals an uncharacteristic use of the mal-reciprocating, dystopian, "Dark Psychology" mis-appropriated by "Deep State Utah" going back to the 1930's, used in by "Imposter Jews" since 1948 and over the past 40 years used by the many thousands of imposters who are members of the private association in Utah, across the U.S.A. and beyond.

President Trump's mal-reciprocating use of this dystopian, "Dark Psychology" is an indication that those "Imposter Jews" have also deceived President Trump as a "builder of big buildings" into building instead, an upside down pyramid that without "awareness, intervention and advocacy" can be expected to crash down on all those hiding in its shadow.

There's also the ongoing distractions and conflicts of interest headed by a person who is a former 20 year member of Congress named Devin Nunes (R-California) who is the CEO of "Trump Media and Technology Group" (CMTG) that also includes "Truth Social" and who President Trump simultaneously appointed to be "Chair" of the "President's Intelligence Advisory Board" while Nunes is proliferating the ongoing establishment of a \$2 billion dollar bitcoin related fund that seems to be based on a value of "Truth Social" that is "impossibly" inflated in "absurd" ways some how. (What good is having a revolving door of billions of dollars of funny money if your counterintuitive behaviors eventually cause every country in the world to put you on those lists of organizations that their citizens are "outlawed" from doing business with?)

It seems that unfortunately for the United States of America, even though President Trump has learned from first-hand experience what kind of challenges a person being unlawfully targeted or short-sightedly blamed for something can bring to a person's life, we and the world are seeing more and more "too-impossible-to-ignore-patterns" of mis-behaviors indicating that if the "\$ \$ 's" are big enough, President Trump will find a reason to value those \$'s more than America's founding values and that the longer the light of unlawful green is allowed to reflect off the White House lawn the more the walls of the Oval Office will be shattered and painted with darker and darker shades of red of all ages. That light of unlawful green revealed to have much better purposes as lawful green on a private golf course somewhere where "bawitdaba!" can be heard playing again loud and proud without the cries of millions of children in Utah, across the U.S.A., in Gaza and beyond being muffled by the shattering glass of presidential portraits from 225 years ago.

Rather than using words like "sociopath" or "psychopath" that others more than 30 years ago used to describe "Bibi," I refer to this "muddling" or "metastization" as a person's temporarily-poisoned-prism of a mind mis-morphing into that of a "Blinded Banshee"— or them turning into a "Gothelpath"—a term with revealing roots going

back to late 1700's Germany, Poland and France in the form of a tale told around breakfast fires and bed-time straw filled mattresses that the German Brothers Grimm (Jacob and Wilhelm) published as part of their "Kinder- und Hausmärchen" (Children and Household Tales) in the form of the tale of "Rapunzel." Based on the character "Gothel" who committed atrocities and then committed worse atrocities to try to keep those atrocities hidden before finally falling from a tower of lies and ungorgeously splattering in the painfully ignored and neglected garden below. This bright metaphorical tale taught through the heroics of the patient, polite, long-suffering, often singing Rapunzel. The name "Rapunzel" derived from a plant, something that "grows," and that beautifies in reciprocating ways as it grows.

When these "scapegoating" mis-behaviors are "non-fatal" or "non-genocidal" they are also known as "DARVO" which stands for "Deny. Attack. Reverse Role of Victim and Offender." At "fatal" or "genocidal" levels "scapegoating" and "DARVO" are better referred to as "HAYBAY" which is my own acronym for an ongoing, self-destructive, "Gotheling" cycle of: —Hiding/Hijacking— Antagonizing/Exploiting— Provoking A Response/Allowing The Response— Blaming/Shaming— Attacking/Annihilating— Eliminating/Erasing— (then back to —Hiding/Hijacking—...until the splatter that is.) "alienation" through "trivialization" and "invalidation" are short-sighted, ongoing components of every stage of "HAYBAY."

In regards to those billions paid to Trump by proxy through Kushner, the first \$2 billion were paid within six months after Kushner left his counterintuitive "role" in the previous administration of President Trump and even though it seems that billions-upon-billions-of-dollars of funny money swish around from deceptive layers hiding behind the "U.S. Government" to deceptive layers within those "nearby countries" and then back to deceptive layers within the U.S. and then other places at times, the financial layers of the "nearby country" that paid that first \$2 billion were publicly against the other "layers" of that country doing it.

Those "financial layers" claimed that this was due to too-kushy-kushner not having the level of multi-market-cap investment experience that justified that specific type of "all-at-once" payment. (It is also important to note that prior to becoming "son-in-law" to Trump in 2009, a few years earlier the too-kushy-kushner family hosted the "Netanyahu's" overnight at their less-than-Mar-A-Lago-kushy home in New Jersey when Kushner would have been in his mid-20's. As a result of deceptive stints in

bribery scandals and assassination scandals, “Bibi” was in between deceptive stints as “Israel’s P.M.”

The too-kushy-kushner family repurposing Jared’s kushy bed for the superficial Netanyahu’s all in the sought after shadow of the 51 story golden-toileted Trump Tower just down the street. (The Kushner’s hosting the Netanyahu’s is more than public knowledge across many layers in many markets in New York, the U.S., those Middle Eastern countries and beyond but not so much by golfing aficionados who happen to be part-time residents of New York City, Washington D.C. and the Mar-A-Lago area of Florida.)

The other two countries were the understandably-wild-eyed-luxury-jet-heavy Qatar and the equally understandably wild-eyed-heavy-oil-heavy United Arab Emirates. Both trapped and forced to navigate the treacherous and bottomless black ocean in the funny money laundering machine that is the result of “Deep State Utah’s” internal wars letting that alien, funny money laundering machine spin out-of-control on a run-a-way, globe-destroying spiral cycle for decades. (“If even the tiniest of fish wiggles its tiniest fin at a deep enough depth, the ripples will cause the entire ocean to fold over on itself.”)

Qatar also funds the “Al Jazeera” news network which has “a both sides” rating rather than being “rated” “far right” like the paid “Fox News” or “far left” like the paid CNN and MSNBC. Since 2018 a financial group based in Qatar has also owned the famous “Plaza Hotel” in New York (“Home Alone”). In the 80’s and through 1995, Trump was the majority owner of the Plaza Hotel (and appeared in “Home Alone.”) At the time, the walls of the Plaza Hotel were not painted red, just different, distracting and clever but understandable versions of “Lawful Green,” like they are now.

If you’re not super familiar with the “Middle East” don’t be duped into making the racially-biased mistake of thinking it is all “one country” with generic names for generic parts. While those other countries may individually or collectively have paid those billions of dollars out of fear of the “Imposter Jews” nuking them with the 200 or so nukes that the “Imposter Jews” have somehow hoarded in “Israel” or if those countries individually or collectively paid those billions to meet “blood money” demands as part of other “deals,” other countries in the Middle East including Turkey are also openly against the “Imposter Jews” while supporting “True Jews” without

reports of billions or millions of dollars swishing back and forth and into certain people's holey pockets.

It's understandable if for example, here in the U.S.A. "New Jersey" had 200 nukes and was ran by people as unpredictable as the Netanyahus, those states immediately around "New Jersey" would pay anyone, any amount if they were led to believe it might buy them a little protection from someone using other people's stuff and other people's fearless children to operate that stuff when what really needs to happen is the Netanyahu's need to be taken into custody by the "True Jews" of Israel, the U.N. or by another "international agency."

In this mal-reciprocating nation-destroying war of "Deep State Utah" against itself and "Deep State Utah" against U.S. children, parents and other citizens and "Imposter Jews" and their duped or dedicated "supporters" against "Deep State Utah" but none of them knowing the truth about what the other is really up to, another nation-destroying, misguided, attack by the "Sinister Psychologists" behind it all may be that they are planning to replace Trump with Kushner as "President of the United States" in 2028.

For those concerned about Barron Trump becoming "President," even if Kushner was President for 8 years Barron would still only be 31 in 2036 which as of June 22, 2025 is still four years short of being able to be lawfully elected as "President." However, if Kushner "becomes" President in 2028 (or before), there will be no true "United States of America" in any form long before 2036. It is worth asking if the fractured lens of this "Imperial" perspective is already implanted in President Trump's near-Manchurian programming patterns of mis-behaviors and that is part of why he continues to counterintuitively and publicly mis-behave in the arbitrary, appropriating, baiting, superficially sexualized, scapegoating, counterintuitive, backyard-bbq ways he and his absently staring, confused appointees do (with a little too much bronzer, lipstick and manicured-manscaping smeared across everyone's differently shaped buns.)

The answers to these patriotic questions regarding the immediate and lawful "censure," "impeachment" and "removal from office" of "#47" back to the golf-course as well as the absently staring Vance, Rubio, Hegseth and others continue to become an indisputable, patriotic reality from moment-to-moment even for those who voted for "President Trump" as part of his 155+ promises during 2024 "to end the Deep State."

Maybe the right number of military generals will get together and round up “Deep State Utah,” the many thousands of imposters, the Gothelpath Netanyahus then without those different monsters and yahoo’s committing their atrocities in Utah, across the U.S.A. and beyond, we can all get back to whatever our version of “the golf course” is whether that is with or without listening to “bawitadaba!” and with or without our-once-beloved-but-understandably-exploited “Donnie Boy” tweeting his tweets about how good of a golfer he is? (My slicing however will be at home in Utah slicing through as many different elevations as I can on whatever elevation slicing device or devices are the most rewarding at slicing through those elevations with a sh\*t eating grin on my face driven by whatever sh\*t I am eating at that moment, preferably snow or mud.)

For good measure we can drop in Payton and Eli Manning as “President and VP” (they can fight over who would be who) and we can all wait for the latest funny blurb from whatever they said about each other. Or if not the Mannings, we could drop in Letterman and Leno and do the same thing. If not Letterman and Leno as another possible duo, then maybe we go with a trio of Chevy Chase, Steve Martin and Martin Short and they could grab their old “Three Amigos” costumes and keep us all on our toes that way? Or if not that, maybe we just go with a hologram of Bob Hope, Carson or Carlin? We could also end the Russia/Ukraine/Russia war by inviting Putin to come ride horses around the Tetons and Arches and the Colorado River and we could keep other world leaders grinning by inviting them to do the same thing (maybe even together?)

Or...President Trump needs to have a very candid conversation with the U.S.A. (and the rest of world) so a plan for “awareness, intervention and advocacy” can be immediately put in place together.

After all the imposters are rounded up, the only thing we’ll have to worry about is what culture can make the best food, how to get our hands on some of it and who is going to win GOLD in the Olympics every four years just like the good ol’ days. Wearing shades and eating “chinese food” with all shades of friends while watching french bread filled French runners lose to black bean filled Kenyan runners while Australia trolls all of us with its latest version of “break dancing” sarcastically mocked with yells of “Arriba!” by those who understand what Australia is doing while the Russians laugh their giant bear fur hats off while Canada tries to sell barrels of maple

syrup to everyone while Switzerland just wants us all to main-line their impossibly smooth chocolate while the U.K. just wants us to try some of their perfectly grown strawberries while the Middle East just wants to show us all how to really drive high-octane adrenaline pumps disguised as cars all sounds really good to me, how about you? (with the exception of us all figuring out who is secretly putting tiny bevel-miter-gear-motors in the bottom of the down tube of Tour De France bikes and fear-mongering gifted, patriotic teenagers from Texas into going to Europe and riding them. Perhaps secretly driven by “Deep State Utah” posing as a layer of NASA posing as “The U.S. Postal Service Cycling Team?”) (and that’s just if you’re watching the live version broadcast at 2:00 am.) (And we do need to put some of Putin’s plans in place to eliminate pollutants from the top 20 largest ocean freighters that move all that stuff around by updating them with a more efficient technology that’s already in use too.) (We could also just send all the imposters to Mars but I’d rather not do that to Mars.)

All, way better than losing life and limb in the crossfire of “Imposter Blue” missiles fired by the Netanyahu’s ongoing “Imposter House of Horrors” or “Unlawful Green” missiles fired by “President Kushner’s Imperial Kingdom” or the “Uranium-fueled-out-of-control-funny-money-laundering-washing-machines” launched by “President Cox.”

There is, however, another critical detail that can’t go overlooked until then. This is the “military bombs” that “Deep State Utah” unfortunately does have deceptive control of. Each one capable of leveling a city block and everything and everyone in it. As “awareness, intervention and advocacy” continue to come to light in unprecedented ways, it is absolutely necessary for everyone to be aware of this because the most sinister layers of “Deep State Utah” will continue stopping at nothing to instigate whatever they misguidedly misbelieve will keep their atrocities scapegoated and hidden in the chaos.

For decades, these bombs that “Deep State Utah” has access to have been periodically detonated with "warnings" in the Tooele Valley 50 miles away from the heavily populated "Wasatch Front" and were never heard in the Salt Lake Valley until September 2024 when bombs big enough to be heard and felt 50 miles away in the Salt Lake Valley were “suddenly” being detonated without warning. Reports in parts of the paid local news excused the never-heard-before, ill-timed, repeating and “sudden”

detonations as “just another bomb disposal” that the military base in Tooele “accidentally forgot to post on social media about.”

Then, ill-timed again, nine months later, detonations from 50 miles away suddenly being heard in mid-June of 2025 as these truths continue to be revealed in new ways and as those life altering bombs are flying from “Israel” to Iran with Iran waiting for a rescue that won’t ever come until “awareness, intervention and advocacy” are introduced.

Then there’s those old desk drawers at BYU filled with half-filled hidden Diet Coke cans, old lead pencils, and worn packages of bright green jell-o (still in powder form) with a few chunks of enriched Uranium rolling around among them while for the past 40 years “Deep State Utah” has tricked you into fearing the Middle East as “The “WMDUWB.” (Weapons of Mass Destruction Uranium Wielding Bully.” “Deep State Utah’s” “creating scapegoats to create more scapegoats to hide behind” impossibly continuing in these globe-destroying ways during those 40 years.

And when it comes to “Deep State Utah” hiding in a “bunker buster proof” bunker, “Deep State Utah” has access to one of those too disguised as Mormonism’s “Granite Mountain Records Vault” which is rumored in size to be the equivalent of several “football field” sized levels.

Located just a few minutes up one of the Wasatch Mountains most popular and “Gondola-Needy-Wink-Wink-Granite-Canyons,” thousands of feet of granite surround this cozy bunker. Worried about too many guests partying on the roof? No problem! The “roof” at 700 feet thick is more than double-the-standard for bunker-busting-bomb-proof-bunkers! Reinforced doors one after the other all designed to withstand any succession of nuclear blasts also come with no hidden fees. Bring all the green jell-o you want too because it’s all supported by its own underground reservoir! All yours today for the small price of an acceptable level of fearless-ness, selfless-ness and creativity that can be exploited by regular, fear-mongering and doses of trivialization, alienation and invalidation! You won’t actually ever get to go in the nuclear-bomb-proof-bunker, but you will get to see awesome pictures of the updated exterior doors once and a while. You might even catch a glimpse of the gated entrance on your way up and down that granite canyon motivating you even more on your elevation fueled adventures! Representing 16 million trivialized, alienated and invalidated investors of all ages led by a dramatically rotating cast of 15 trivialized,

alienated and invalidated leaders ages 64-99 wherever you are in the world, (that dramatically rotating cast of leaders over the past 195 years more often than not being generationally related to each other or being “in-laws” in one way or another. Those years also being dis-associated and psychologically insulated in ways from being used to shine a brighter light on these atrocities in Utah, across the U.S.A. and beyond.) Schedule your appointment with two trivialized, alienated and invalidated teenage representatives today! No questions asked if you don’t “buy in” because whether you do “buy in” or not, you will be left with the scapegoating encouragement to have “sit-down-dinners-with-glass-plates” and to lick those glass-plates clean every night. (“Glass-plates” meaning deceptively-lead-ed-secretly-green-glowing-eye-sewing-ear-gluing-tongue-stapling-wire-crossing-colored-ceramic-weapons-disguised-as-”glass plates.”) Tude-A-Loo-Enjoy-The-View!

(As of June 2025, it continues to become more and more apparent that “lead poisoning” has also been deceptively happening to untold numbers of millions of Americans from unknowingly eating on deceptively-lead-ed plates and drinking from deceptively-lead-ed-mugs that have been deceptively ferried to homes, restaurants and universities across the U.S.A. for years. This provides further insight that not only have the most sinister layers of imposter’s destroyed the U.S.A. and the world through thousands of secretly colonized, secretly weaponized local “courthouses,” “police departments,” “jails” and other “state sponsored offices” and keeping it all hidden, but the imposters are also doing it through millions of secretly colonized, secretly weaponized dinner tables, kitchens and 24/7 drive-thrus. In addition to licking-lead-plates there are at least 16 other road-raging-mass-shooting-cognitive-dissonance-proliferating-trauma-bond-addicted-ways that Americans of all ages are deceptively poisoned in different ways in including Red 40, Yellow 5, Blue 1 and other “paint” disguised as “food dyes,” drinks made to be an unsustainable level of “acidic” including certain “coffees” or drinks masquerading as “coffee,” aluminum bi-products counterintuitively injected into drinking water as “fluoride” for “teeth” (why not just swish it instead?), poisonous particulates pumped in the air that get in the brain through the blood, an unawareness of lectin sensitivities that poisons the brain with other “particulates” that also get in the blood also causing poisonous mis-social mis-behaviors, another poison disguised as “alcohol” always just a pour-away (for some reason), endless handfuls of pills that are just a pop-away (for some reason) and loopholes in “gun ownership” that are just a pew-pew-away and that allow anyone anywhere in the U.S. to sell or buy any gun and bullets for cash without ID and without any waiting period at any time (for some reason)...and on...and on.

(It is important to note here that it has been widely published that Donald Trump as a father, builder and as the #45th and #47th President of the United States of America, while he may understandably have his aphrodisiacs (like we all do,) he has always abstained from alcohol in honor of an older brother who encountered unimaginable challenges with alcohol and who begged “Donald” to not ever touch alcohol and he never has.)

Deep breaths. Again. And again.

...But, as you’re taking those deep breaths, also know that as another selective weapon, “Deep State Utah” also has plenty of access to “pharmaceuticals” that is selectively used in counterintuitive ways too.

This includes performance-boosting “adderall” that so many “Mormon” kids seem to have gotten their hands on through the local “doctor” in every congregation for the past 25 years since the advent of the interweb in the late 90’s while other kids are told “not a chance” by the same doctor.

Then from my experience being held hostage in jail, it seems that if a “drug user” who’s fatal poison was “fentanyl” was brought in for having a few pills on them and they managed to survive, they would be looking months in “jail” under one subsidy-targeting scheme or another while a “drug dealer” who was caught with thousands of fentanyl pills was back out on the street before breakfast. Those “drug dealers” having the magnetic personalities that if they hadn’t been nudged by certain propaganda or by life challenges fueled in the wrong direction by certain propaganda and duped into becoming “drug dealers,” they most definitely would have been on a stage bringing brighter knowledge, laughter and joy to the world instead. Another counterintuitive, spiraling twist in the layers of “Deep State Utah’s” nation-destroying, nation-controlling atrocities of “stealing-to-kill-and-killing-to-steal-more-and-keep-it-all-hidden-to-control-the-globe.”

Imagine if the likes of Leno, Letterman, Carson or Carlin had somehow become your “drug dealer” showing you how to melt chemicals on a spoon instead of spending their time becoming the social melting-pots that they did, and you should be able to grasp what I’m trying to convey here. For what it’s worth, I’m lucky to have always preferred adrenaline to illegal chemicals but if one of those guys was a “drug dealer”

instead and I knew them and I had a rough day, I definitely would've been dead by Tuesday.

As for the “FBI,” “CIA” connection, there are many articles made popular by publications marketed to “Mormons” and not “renounced” by the leaders of “Mormonism” that provide insight into this—even irreverently referring to the number of “LDS recruits” in the “FBI,” “CIA” as “The Mormon Mafia.”

(Suddenly the peculiarities of Cox and those unprecedented, counterintuitive days in mid-July 2024 don't seem too peculiar do they? Wait until you see the video of the window-moving Halligan Bar being snuck out of that impossibly close, unsupervised, non-“slope”-roofed building that the scapegoat Crooks was eliminated on top of—right above a peculiar window—right after the first three shots were deceptively fired through that peculiar window.)

As for that “IRS” connection, it shouldn't be a surprise that anywhere whether they are in Utah or not, who dares to publicly question any of the layers of “Deep State Utah” with or without knowing those layers are part of “Deep State Utah,” quickly begins receiving a barrage of unjustified, life-altering “audit” letters from the “IRS Auditing Center” located in where else but—Utah. Another scapegoating terror from a unique area of Utah that should be providing elevation related thrills instead. (Specifically located in Ogden, Utah just 40 minutes from Salt Lake International.)

...And about that “NASA” connection: The Space Shuttle Challenger blew up killing seven American Astronauts because the fuel gaskets (“O-rings”) that failed in the unpredictably cold weather that day were made by a “rocket” company controlled by “Deep State Utah” that didn't account for the possibility of unpredictably cold weather in Cape Canaveral, Florida happening in the days leading up to the delayed launch. Even though at least two people within that Utah company put their livelihood at risk wearing themselves out trying to get word to NASA about the imminent failure of the gaskets in that unpredictably cold weather, the dystopian, crossed-wired, alien mentality that fuels “Deep State Utah” refused to relay that to the different layers of NASA in an effective way. (January 28, 1986.) Ezra Taft Benson had become the global leader of Mormonism just over two months before. (November 10, 1985.)

Those who tried to warn NASA and millions of school children, parents and other citizens watched on TV.

Perhaps time will tell if as a way to dis-associate millions of American children in an attempt to deceptively force open the psychological doors to control them, “Deep State Utah” intentionally made the gaskets to fail regardless of “the weather” and that’s why part of why the lead-up to that intentionally pre-doomed mission was publicized far-and-wide for months through the inclusion of a school teacher as one of the astronauts. Perhaps this is also why no matter what Roger Boisjoly and Allan McDonald did to try to stop the launch they were ignored by stakeholders at Morton-Thiokol. Stakeholders who, when eventually exposed in the months after, continued to try scapegoating NASA as could be expected by “Deep State Utah” and its patterns of “Dark Psychology.”

This is an unthinkable contrast to the decades of details, innovation and teamwork that put Apollo 11 with Armstrong, Aldrin and Collins in position to do what it did and the missions since with their rewards and challenges (including the loss of seven astronauts along with the Space Shuttle Columbia on February 1, 2003) Reciprocating, cross-industry space cowboys like Elon Musk (born in South Africa) as well as other reciprocating cross-industry cowboys including Sir James Dyson (born in the United Kingdom) and Rudolph Diesel (invented the Diesel engine to originally run on corn oil, 1858-1913, born in Paris, France) as well as cross-industry cowgirls including Marie Curie (radioactivity, 1867-1934, born in Warsaw, Poland), Hedy Lamarr (communications, also a former actress, 1914-2000, born in Vienna Austria), Stephanie Kwolek (Kevlar, 1923-2014, born in Pennsylvania) and Grace Hopper (computer programming, also a high ranking member in the U.S. Navy, 1906-1992 born in New York City) have also inspired space cowboys or been inspired by space cowboys along the way. The reciprocating cycle of inspiration, challenges and rewards continuing in smaller and larger ways for all during their inspiring journeys as fearless, swagger-harboring innovators from moment-to-moment allowing us all the opportunity to enjoy moment-to-moment in more rewarding ways while asking: “What wonders are next?” and “Who will be a part of it?”

It’s important to note that “Mormonism’s” marketing exponentially increases in times of “war” or “tragedy” (9/11) and during this time in the 80’s there were a series of ongoing TV commercials with different jingles about “Mormonism.” One was taken from a 1944 song, the most popular version released by Dean Martin in the early 60’s.

(If you don't know, it has been well published that along with the late imposter Donald Rumsfeld, one of "The Architects" of the Iraq War was Karl Rove, who was not publicly "Mormon" but who also had connections to Utah. It's also no secret that "9/11" was misused as the reason for the Iraq War, which was prolonged in ways and years until costs reportedly exceeded an impossible, untraceable \$3 trillion - \$6 trillion. This another example that: "anything that can be mis-created and scapegoated with no regard to life can be misused to mis-create more and scapegoat more with no regard to life," is the dark core of "Deep State Utah's" dystopian "Dark Psychology."

(As of June 2025 suddenly the "Imposter Mormon" and U.S. Congressman from Utah Mike Lee and "his plan" to "raise billions" by selling of public land to the highest global bidder doesn't seem so "naive." Especially when the widely published connections to deceptive layers in Utah that Mike Lee is a part of and deceptive layers in another country for years are going hidden under the surface of the "paid" parts of "mainstream media.")

Because of the broken, unregulated scoreboard that the bad parts of "social media" have been allowed for more than a decade to become, it's important to note that the differences between "a million," "a billion" and "a trillion" are thrown around as if they are no different than whatever camera filter is being used to mis-represent reality in other short-sighted ways. Because of that, here's a little metaphor for those numbers to use as you please: If a person were to stack \$1 bills at the rate of 1 per second, to get to "a million" it would take about 11 ½ days. To get to "a billion" it would take about 31 ½ years. To get to "a trillion" it would take about 31,500 years.

This is all part of why the sooner and quicker the truths about this hellscape of atrocities rooted in funny money mis-created by the most sinister layers of "Deep State Utah" so many decades ago and the layers that have been mis-created and exploited by other layers in the dystopian world that is the result of it are "front and center" and annihilated with an ongoing hellfire of truth through "awareness, intervention and advocacy" being introduced, the less time there will be for these atrocities to continue in worse-and-worse-globe-destroying ways.

Part of the reason for this is because these truths being "front and center" will also open the doors and windows for more imposters to come forward as "whistleblowers."

For those imposters in “Deep State Utah” who “know some things” but might not know “everything” that the most sinister layers of “Deep State Utah” know but they too are not coming forward as “whistleblowers” yet, regardless of what President Trump “knows” or “doesn’t know” or “does” or “doesn’t do,” time is running out for them too as their commissive and omissive actions enabling these atrocities have not only collectively and fatally undermined millions of American children, parents and other citizens but they have also fatally undermined “True Mormons,” “True Jews,” “True Muslims,” “True Christians” and other “True” followers of these and other respective faiths all around the globe. The longer these atrocities are allowed to go on, the fewer reasons there will be for others to allow a more broad range of solutions for potential “whistleblowers.” This “more broad range of solutions” may include tiered forms of amnesty for a limited number of imposters from certain levels in exchange for certain levels of cooperation and other agreements.

It's also important for all of us to remember that the light we've been deceptively taught to look for is already inside us and with that, together, a golden future full of giggles, smiles, ideas, learning, opportunity and laughter is better-than-bright and very real for everyone rather than the superficial term “Golden Age” that has been hijacked and thrown around by others who have yet to take action regarding “awareness, intervention and accountability.”

Where to go from here? There are some options...

The four “police officers” from the West Valley City Police Department who are directly involved in the attempted-murder-turned-kidnapping-turned-holding-me-hostage events of last year and that continue in other ways to this day from moment-to-moment will eventually be getting a “federal lawsuit” filed against them that can’t be deceptively silenced.

Because I have been unable to find a single attorney in Utah willing to be associated with filing the beginnings of the lawsuit (as I expected,) I continue to file it “pro se” (on my own). From past experience it is expected that me doing this will bring additional challenges from local imposters desperate to keep it all silenced in even more misguided ways.

That includes local federal magistrate Daphne Oberg who dismissed a previous filing I made in June of 2024 shortly after I was released from being held hostage in the Salt

Lake County Jail along with local federal chief judge Robert Shelby who dismissed other parts of it. (It's relevant to also note that Shelby is also a former member of the Utah National Guard.)

Rather than stopping there however, as part of attempting to inform the President about these nation-destroying atrocities so that the President can take action and lead the way at putting transparent solutions in place, over the past several months I have also sent "open letters" as well as had served very specific, detailed reports to specific offices in Washington D.C. that are specifically associated with the legal affairs of "the President" and the legal affairs of some of those in the President's cabinet.

It seems however that for one reason or another those reports were hidden from him...or have also gone ignored by him. Under 18 U.S.C. § 242 this is a "Failure To Act" for the "oath taking" President. (Just like it also is for the "oath taking role players" in different layers within Utah who have also had reports delivered to them but as "oath taking imposters" they also ignored them.)

Because of this "Failure To Act" by the "oath taking" President, I can now inform him of these nation-destroying atrocities directly by listing him as a "Defendant" as part of the federal lawsuit against the four West Valley City Police Officers and file the lawsuit in the federal court that covers the area of Washington D.C. where it may stand a better chance of not being deceptively silenced like the earlier lawsuit was silenced by Oberg and Shelby here in Utah.

Because of other "patient and polite" efforts I made "in person" during the 2025 Utah Legislative Session at the Utah State Capitol to inform every single member of Utah's 104 member, part-time state legislature of these atrocities, I can also list as "Defendants" for "Failure To Act" in a federal lawsuit, each of the 104 "oath taking" members of the Utah State Legislature as well as Utah Attorney General Derrick Brown, Spencer Cox and other past and present "oath taking" role players in deceptive local offices in the Utah State Capitol, in the Matheson Courthouse Complex and beyond.

Other attempts to file local lawsuits against different layers of imposters in Utah's "Third District Court" who committed indisputable forgeries through the Matheson Courthouse Complex at different times in regards to each of my two daughters have also gone hidden in unthinkable ways. Part of this is because the "Matheson

Courthouse Complex” is the “headquarters” of “Deep State Utah” as it relates to Utah’s “Third District Court” targeting the majority of Utah’s most populated county, Salt Lake County.

There is another “Third District Courthouse” about 15 miles away in West Jordan but as it relates to the “Third District Court” and the imposters the “Administrative Office of the Court” steers most of the fabricated “legal cases” to and through the deceptive “commissioner offices,” “ad litem offices” etc....hidden within the Matheson Courthouse Complex.

It’s also important to highlight some of the other deceptive Utah cities that do what West Valley City does by using other city’s “courthouses.” This includes Cottonwood Heights uses Holladay City’s “municipal court” that also demands “cash” payments from citizens they target. Like West Valley City, Cottonwood Heights and Holladay also contract with “Larsen, Larsen, Nash and Larsen” and “Stowell Crayk” to deceptively provide “Public Defenders” for the citizens they target. Like the deceptive layers hidden in “offices” of the West Valley City Police Department and the Salt Lake County Sheriff misbehave as the private military against the many thousands of citizens that West Valley City targets, deceptive layers in the local precincts of the police departments in Holladay City and Cottonwood Heights (the Unified Police and Cottonwood Heights Police) do the same thing hidden in those “offices” against the citizens those cities target.

It's also important to note that all “attorneys” in Utah are “required” to be “dues paying” members of “The Utah State Bar” which is actually a “private corporation” allowed to masquerade as a “state office” but of “Utah State Bar’s” 12,000 member “attorneys” many of them claim they “didn’t know” that “Utah State Bar” isn’t actually a “state office.” This is another example of how not just the “private association” but other “private associations” have colonized different layers of U.S.A.’s local “courthouses.”

When I was an analyst of sorts, I was informed that the person who hired me had graduated from Harvard with a Ph.D in Egyptian Studies at least a decade before I was even born. (Years later, I looked into that and could only discover that at the time it seemed to be some sort of previous, but now minimized partnership between different layers at Harvard and the different layers at the University of Cairo.) The 30 years or so between us only seemed like days, especially when it was 7:30 am and we were the

only ones in the office compiling, refining and brainstorming about what direction that day our “nerdy” talents, abilities and different travels should take us and the people who relied on us. (Prior to that, even though I was from Utah, when I was 19 I had traveled to Alaska to be a river guide for the summer before embarking on a less-predictable journey elsewhere lasting a little over two years.) Our work unknowingly made us targets of other Blinded Banshee’s and Gothelpaths in disguise and within a few years those bright mornings turned into memories that became unbearable to try to reconcile.

Nowadays, when people ask if I am “an attorney” I make a joke back saying, “I’m too smart to be an attorney...” and the responses are always rewarding in one way or another. However, it is a good thing that I am not an “attorney” because if I was I would likely be unknowingly and critically misinformed, mistaught and intentionally limited by the most sinister layers of imposters in the same ways that all 12,000 “members” of the deceptive “Utah State Bar” are and that hundreds of thousands of members of the “American Bar Association” are.

I am still symbolically waiting for any member of “Utah State Bar,” especially any of the dozen or so who are currently members of the 104-member 2025 class of the part-time “Utah State Legislature, to take action or to try to publicly prove me wrong. As this “symbolic waiting” continues from moment-to-moment, it also includes all 12,000 members only proving me right in countless more ways about the counterintuitive, nation-destroying monster that the artificially inflated, once noble, now disgraced \$400 billion dollar “U.S. Legal Industry” has been allowed to mis-morph into from every “Ivy League” law school to every backwoods bench over the past 40 years.

If an “attorney” or “judge” in Utah or anywhere wants to talk, I’ll also be waiting. If that happened I’m sure 3.3 million Utah children, Utah parents other Utahns and hundreds of millions of other American children, American parents and American citizens would also be most excited to hear about.

It's also worth noting that another reason the imposters may have tried eliminating me in so many counterintuitive ways so many times last year (Costco? Really?) may be because that 2024 was also an "election year" for "Governor of Utah" and social media posts I started making in January of 2024 about me getting on the "Utah Governor ballot for 2024" were going viral. Eventually though, after jail and as the election

neared, "Deep State Utah" colluded and used another one of their schemes of filing false reports to have that entire social media presence deleted.

Another indication of this counterintuitive terror is that March 5, 2024 was the original "last day" for me to submit my application paperwork to be on the November 2024 Utah Governor ballot as another option for Utahns to the deceptive "Governor Cox" but that was also the day of the second swatting attempt that was then turned into the first unlawful arrest that was then turned into me being unlawfully imprisoned for the rest of the day lasting hours after the candidate registration office had closed.

Adding to this unconscionable possibility in even more ways however is that for "some reason" imposter "attorney" and imposter "Public Defender" Daniel Heaps of "Stowell Crayk" told me while I was unlawfully imprisoned at the Salt Lake County Jail that I am on "Governor Cox's watch list." My response was a spit-take. (Similar to the one you just probably had, although you don't have chains around your waist, wrists and ankles like I did at the time and you get to laugh yourself asleep about it in your own comfy bed tonight instead of being on the short metal tray disguised as a "jail bed" that I unlawfully had that night and for many nights after.

As all these 2024 dates fall into line: February 12, March 5, March 13, March 21, April 9, May 14, May 21 all leading up to the "mid-July" counterintuitive misbehaviors by Cox and the July 13, 2024 assassination attempt of Donald Trump, did Spencer Cox really go so rogue that he was a part of ongoing attempts to murder me and then me being unlawfully arrested and then me being unlawfully imprisoned because he feared my presence on the "Utah Governor Ballot" would have made it impossible for him to be deceptively declared "winner" of the 2024 Utah governor election? Or, were other parts of "Deep State Utah" behind it all and Cox's name was just misguidedly thrown at me by a deceptively contracted "Public Defender" who is the individual or simultaneous "Dystopian Patsy," "Dystopian Pawn" or misguided "Dystopian Lord?"

Another reason might be about the layers of questions I've publicly asked about that "Military Installation Development" disguised as a billion-dollar "ski resort add-on" and how I've pointed out that if any of the imposters in the different layers of "Deep State Utah's" "Utah State Legislature" were actually "Utah Skiers" they wouldn't have been duped into something that "Utah Skiers," regardless of where they are from, have

known for decades about the east-facing, low “hills” suddenly used for that billion-dollar “ski resort add-on.”

That deceptive billion-dollar “ski resort add-onn” includes what seems to be a secret “two-phase,” highly-controversial billion-dollar “gondola” plan as a deceptive way of artificially creating “ski resort values” for those “not-so-ski-resorty,” much lower, “mostly-unskiable” hills by deceptively linking them via that highly controversial, “billion dollar” gondola to Alta and Snowbird, some of Utah’s most special mountains for skiers.

This done by deceptively and forcefully building the unconnected 8 mile long section of that deceptive gondola first then an eventual “sudden” announcement of the construction of the much shorter, unpublished “gondola link” second. A counterintuitive deception that undermines all full-time residents, seasonal residents, part-time residents and visitors (not just skiers) to deceptively favor a few imposters in billion-dollar ways. #BuyerBeware or at least #BuyerBeInformed. (Snowboarders and POW Surfers your pleasures aren’t lost in this, so don’t waste your Monster by spitting it out in triple-frustration.)

The “snow” on those hills (when it is there) is “unskiable” because of the combination of being east facing and at a less-than-ideal altitude turns the “snow” into something that is like skiing over clumpy mashed potatoes with sticky clumps of peanut butter in it. It might work if that’s all you had for a Saturday morning of sledding somewhere far away from Utah, but is absolutely not anywhere near the same category of what is typically billed as Utah’s geographically unprecedented “Greatest Snow On Earth.”

This is because the “Great Salt Lake” has a high concentration of salt that prevents it from freezing like other lakes at or above 5,000 feet would normally freeze in the November-March months. Because of this, when warm, low-pressure, thirsty storms lumber their way up from the Pacific Ocean 5,000 feet below as they approach the Great Salt Lake they suck up an ocean of moisture from it (because it should be frozen but isn’t because of the salt in it.) That moisture turbo boosts the now rejuvenated storms across the Salt Lake City valley and up the “Wasatch Mountains” 5,000-11,000 or so feet of gleeful elevations and turns those once lumbering, California Dreamin storms into understandably addictive, super-storming-snow-miracles (a.k.a. “POW” and other gleeful terms.) Depending on what mountain you’re charging up, with who, in what way and for what purpose, some claim the “Wasatch Mountains” are their

“own range” while others claim the “Wasatch Mountains” are part of “The Rockies” but no one really cares because if you’re above 7,000 feet you’re part of the tribe no matter where you’re from, what season it is or what your pleasures are in those elevation fueled moments.)

In the weeks of 2024 shortly after I had publicly and privately asked questions about this in new ways and that as a way to show the respective proximities to this counterintuitive “ski resort add-on” disguised as a “Military Installation Development” and deceptive “gondola” I had used “Google Maps” and the “ski lifts” that had appeared on “Google Maps” at all resorts across Utah, across the rest of the U.S. and beyond for years, suddenly those “ski lifts” disappeared. No one at “Google” seemed to notice and chatrooms that exploded with concern about this were silenced with trivial reasons repeatedly blasted by “throw away” accounts (or bot accounts.) It also doesn’t help that along with stock in Apple, Nvidia, Microsoft, Amazon, Meta Platforms (Facebook,) Broadcom, Lilly Pharmaceuticals and Mastercard deceptive layers within “Deep State Utah” also own about \$2.2 billion dollars of “Google Stock” which along with “Blackrock,” “Vanguard,” “State Street,” “Fidelity” and “Geode Capital Management” makes them one of the largest institutional controllers of “Google” “on-the-record” or “off-the-record like it does for those other entities it owns a “too big to ignore” amount of stock of (as of June 2025.)

Or...Maybe the whole “try to kill him three times, jail him for a couple months to see if he’ll commit suicide in jail then try to kill him a couple more times and keep it all hidden” misguided plan involving Cox’s name was just because Cox was “just having a rough few months?” (Afterall, waiting for months for the path to be cleared for a presidential candidate to be successfully assassinated on live TV so you can giddily be announced as his replacement a few days after and giddily take his place with counterintuitive, out-of-place, giddy, announcements planned to publicly start just two days before that secret and “sudden” assassination would be very, very “un-giddy” for anyone to endure regardless of their dark altruisms or not.

Perhaps we’ll know one day soon and we’ll all be happy to see Cox move on to somewhere he can have less “rough days?” (Maybe he just needs to learn how to ski? Maybe all of “Deep State Utah” and the 104-members of Utah’s part-time “State Legislature” just need to learn how to ski?

Maybe by knowing how to ski they wouldn't be duped into so many counterintuitive misbehaviors involving deceptive "ski resort add-ons" too? If it helps, I'm probably the best skier I know and I'm a wonderful ski instructor. My hips seem to be a little sore at times from 68 nights of sleeping on a short metal tray disguised as a "jail bed" but we should be okay to start the lessons right...from...The Tram. Okay?

Or...maybe they all are just "eyes-sewed-ears-glued-tongues-stapled-wires-crossed-brains-melted-lead-plate-lickers" and because of that they have no idea that they are really fatality inducing, funny-money laundering, human trafficking on an industrial scale proliferating: "Sinister Agents of the Dystopian Sinister Psychologists" ("SADSS")? (Perhaps their bank accounts, their spending habits and their previously hidden corporate entities will provide some insight into that?)

Either way, part of why I made the public announcement to "get on the 2024 Utah Governor Ballot" was also because in addition to immediately putting transparent solutions in place to eliminate the imposters and save all Utah children and parents from the imposters, there is much more that needs to get going immediately in transparent ways by non-"Gothelpaths" to preserve the livelihood of what Utah can be for all Utahns, for the rest of the U.S.A. and for the millions of visitors who come to Utah's many populated, less-populated and unpopulated elevations year-round from around the globe.

This includes:

- 1) Better 24/7, year-round use of local school buildings throughout Utah serving their neighborhoods and communities in unprecedented, rewarding, family-stabilizing, nation-building ways;
- 2) A complete reworking of welcoming, age-appropriate reproductive education for Utah's kiddos (especially kiddos of reproductive ages who have no idea of their respective, potential role in the invisible 12 annual time periods that result in a big, beautiful, bouncing baby being born whether they aren't ready for that big, beautiful, bouncing baby to be born or they are.) This type of "awareness, intervention and advocacy" will also validate the revolving, respective roles during those 12 revolving time periods (which you may not know can invisibly vary in respective ways by as much as a week for each respective role.) This will also dramatically reduce any perceived need for abortion as a result of

those previously, uninformed, but still willing roles (“Abortion” is not a nation-building form of healthcare that without enough education many have been shortsightedly and understandably duped into mis-believing it is “a form of healthcare” instead.)

- 3) (Because our brothers and sisters of all ages who live in more densely populated areas or who live in less-densely populated areas but through the interweb explore perspectives that are easier for the paid parts of the media to exploit from densely populated areas may have this part of the conversation on their minds:) A new reference of “Gender Dynamic” for those unfairly alienated, trivialized, invalidated and monetized by those paid parts of the media because of perceived “intro,” “outro” or “extro” dynamics at this part of their journey, regardless of their age.

The vast scope of those challenges unnecessarily proliferated by those short-sighted, self-serving layers of the paid media that has put “them” front and center to deceptively sell ads and artificially increase stock prices deceptively making those challenges exponentially more challenging for all of us as kiddos of all ages.

In committing these mal-reciprocating layers of nation-destroying atrocities as part of their own deceptions, the paid parts of the media have also deceptively robbed all of us from creating reciprocating layers of something new.

This includes that when competing, in age appropriate ways and in appropriate categories, “male” and “female” categories should be celebrated and for those exploring “intro,” “outro” and “extro” challenges combined with a competitive perspective of sports, a pioneering, age appropriate category of “Gender Dynamic” can be pioneered in age appropriate ways as an option to compete in too. That category and its dedicated and talented competitors can then be celebrated by fans of competition in age appropriate ways too.

An example of this type of rewarding pioneering in sport, is that the first “organized” Olympic games were held in Athens in 1896 with males competing. Four years later, of the 997 competitors in the 1900 Summer Olympics held in Paris, there were enough age appropriate females from around the globe who had taken on a competitive perspective of tennis, golf, croquet, sailing and equestrian events that 22 females from around the globe were

provided categories to compete in “The Olympics” against other females. Four years later, of the 651 global athletes in the Summer Olympics held in St. Louis, there were six females who had taken on a competitive perspective of archery and a category was created for them and for one reason or another that was the only “female” category in “The Olympics” that year.

When it comes to the personal “intro,” “outro” and “extro” dynamics of being a growing “human bean,” and as “intro,” “outro” and “extro” challenges of: “public expression,” “private expression,” and “attraction,” are understandably encountered at one time or another by all of us, the term “Gender Dynamic” is all that should be needed to be whispered, or exclaimed, to open the doors and windows to those conversations that may temporarily or ultimately apply or not apply in those “intro,” “outro,” and “extro” ways.

The terms “intro,” “outro,” “extro” and “Gender Dynamic” are far more validating in reciprocating, respective ways than those challenges being further invalidated and monetized with that intentionally trivializing, garbled, multi-lettered, short-sighted acronym and what has counterintuitively turned into that fractured prism of an unneeded “flag” that doesn’t privately validate the parts of everyone’s “intro,” “outro” and “extro” journey in the public ways it claims to validate them.

As we all grow from being big, beautiful, bouncing babies flopping around on the floor with our big giant heads that we can’t even hold up, to being bigger kiddos with giant heads that sometimes are still understandably a challenge to hold up, and as we do so in different familial, local and regional cultures sometimes driven in different densely populated or less-densely populated ways, with all the different joys and challenges the wide range of those cultures and interactions bring or don’t bring in reciprocating ways from moment-to-moment, for anyone who thirsts for flying a flag validating the lawful rights of all kiddos of all ages, regardless of any “intro,” “outro,” or “extro” challenges, the juice of “The American Flag” flying proud and flying high together is the only juice we need.

If you don’t have one, get one and squeeze it, then fly it proud and high for you and for your loved ones as fearless, exploring kiddos of all ages of all cultures of all areas regardless of population or not and especially if those loved ones are

on a blanket somewhere flopping around on the floor, on the grass, on the purple mountain's dirt, on the fruited plain or on the desert sand doing their big-headed-best to explore with their eyes and ears whatever reciprocating colors and sounds are near or far above them.

- 4) A revenue generating, triple-purpose-flex-facility within 30 minutes of the SLC International Airport that can offer: 1) Tiered solutions for our brothers and sisters experiencing the challenges of homelessness. 2) Temporary foundations of stabilization for the most vulnerable victims of natural disasters from around the world as needed and conveniently flown in through SLC International Airport by global relief jets. 3) A safety net for vulnerable Utahn children, parents and other citizens who just need a moment to catch their breath rather than being targeted, exploited and eliminated or otherwise being forced to suddenly face the challenges of homelessness;
- 5) Renaming the Salt Lake International Airport the "Robert Redford International Airport" to finally show Redford some gratitude for the inspiring, nation-building influence he brought to all genres of the world from Utah for what has ended up being 40 years so far with the film industry benchmark setting Sundance Film Festival and the immeasurable, reciprocating opportunities that brought for reciprocating, year-round, work and play for countless families regardless of background and demographic across Utah, across the U.S.A. and beyond. An unprecedented, self-less contribution that deserves to inspire others by being celebrated in this way every moment of every day.
- 6) Saving the Great Salt Lake and keeping it full with a pipeline to be built from the right place so that the snowpack across the West can be revitalized and that will revitalize the Colorado River that all Americans depend on from agriculture grown in California and other western states (this will also prevent additional respiratory challenges from happening in Utah's three most populated valleys);
- 7) Taking other measures in many ways to reduce and eliminate respiratory challenges from other preventable oversights that have happened in Utah's three most populated valleys over the past 40 years (lots of trees need to be planted too and like many other opportunities that need people with big heads, willing

hands and dancing feet, I have no doubt that there are thousands of Utah children, parents and other citizens who would stand in line to be a part of that too.)

- 8) Much more convenient, fun and environmentally friendly, 24/7, year-round options comfortably getting all members of our spring-summer-fall-winter outdoor (and Olympic) tribe to all of Utah's rewarding destinations than just that deceptive billion-dollar "Gondola" being built in Little Cottonwood Canyon (and that German owned Doppelmayr can still be involved with in a new way for Doppelmayr);
- 9) Eliminating "billboards" so that communities and cultures can be free to cultivate their areas without the intentionally divisive, invasive, short-sighted propaganda self-serving billboard companies paint communities with. Families should be enabled to freely travel from school to grandma's house to church and back without billboards deceptively mapping a different route taking them to many other places. There are many ways to "lawfully" do this. For companies deceived into advertising on billboards, their \$'s will be better spent in other ways.
- 10) Finally, what should be an overall, inviting presence of transparent state Government giving high-fives, fist bumps and victorious hugs at all elevations in all seasons to everyone who is part of the red-white-and-blue tribe that plays, lives, works, learns and gives at any elevation in Utah, all driven by plenty of goofy giggles (especially if you have a lazy eye like I do,) plenty of smiles (especially if you have a broken tooth like I do,) plenty of ideas (especially if you like to share them like I do,) plenty of learning (especially if you are a willing to be a junky for learning like I am), opportunity (especially if you know that: every "no" is one step closer to a "yes" like I do) and laughter (especially if you like to laugh like I do and even more especially because as big, beautiful babies with big-giant heads we all made everyone laugh.)

...And plenty of other ideas from me, from you and from others to collectively "refine, share and shine" (including that for years there has been enough technology in the landscaping industry to make better neighbors out of everyone whether they have new snow, freshly greased bikes, polished cars, open-air swimming pools, skateboarding

kids, porch swings, cigar chairs, ice cold steins, happily chirping birds or not by completely outlawing “leaf blowers” in all their many short-sighted, abhorrent forms.)

At [www.linktree.com/operationwalkout](http://www.linktree.com/operationwalkout) can be found: This document; “Exhibit A”—with hundreds of links and citations; the March 5, 2024 body worn camera footage of the second unlawful arrest by the four deceptive West Valley City "police officers" proving it was the second deceptive fatal swatting attempt that failed and that they then turned into an unlawful arrest and unlawful imprisonment to try to hide it; The 14 years of false charges they fabricated against me to try to hide it; Video of the “president” of the Utah chapter of the “private association” ([UTAHAFCC.ORG](http://UTAHAFCC.ORG)) refusing to accept a report about these atrocities from me while I was holding a giant sign outside of a baseball game the local chapter was attending; The letter from Cox to me preventing the Utah National Guard from helping the 12,533 children on that hidden list; a report about 12 terrorizing “Deep State Utah” legislative bills deceptively passed during the 2025 legislative session; five 2-minute long videos of me speaking about these atrocities during spontaneously allowed "public comment time" of legislative committee meetings of the 2025 Utah State Legislature Session that I attended almost everyday from January 21, 2025 - March 7, 2025 but went ignored in every way; My working "draft" of the federal lawsuit; Another pre-draft served to three different offices directly related to the legal affairs of the President; three "whistleblowing" reports from me to the SEC from the past six months; some of the different 1-page and longer versions of the reports and flyers I’ve made over the past seven years and other resources. All revealing how “Deep State Utah” has created the greatest scapegoat the world has ever seen in the form of “The U.S.A.” and its 330 million children, parents and other citizens and that “Deep State Utah” will keep using “the U.S.A.” as a scapegoat to create more scapegoats until “Deep State Utah” has killed off enough of America’s children, parents and other citizens as well as the children, parents and other citizens of other countries and “Deep State Utah” controls the earth as the fabled “New World Order;” Or “Deep State Utah” is vaporized off the face of the earth forever.

There is also a way to amplify this better-than-bright that would be greatly appreciated and put to good use. This includes “PayPal,” “Venmo” and “Apple Pay” links as fundraisers that link directly to me. To eliminate the chance for imposters to pose as “me” these links are confirmed back to [linktree.com/operationwalkout](http://linktree.com/operationwalkout). Until you see me on TV talking about how “awareness, intervention and advocacy” are being

introduced or standing in non-soul-betraying-shoes by someone who is talking about it, every single cent is needed and greatly appreciated.

Being kidnapped and held hostage in jail and learning of my whistleblowing “websites” going dark for “lack of payment” was another unthinkable and harsh lesson to learn. In jail, there’s no way to simply log on and pay a bill that keeps a website up. That is why [linktree.com/operationwalkout](http://linktree.com/operationwalkout) is what it is rather than something more “whiz-bangey” as much as we all love “whiz-bangey” things.

“Operation Walkout” is my ongoing attempt to bring awareness of these atrocities to all American children, parents, other citizens and the rest of the globe in evolving, better-than-bright ways so that parents can support children in “Walking Out” of school until someone is on TV with the right people talking about “awareness, intervention and advocacy” being introduced so all generations of kiddos can be saved and so the next generation of kiddos including my own two daughters do not become the next generation of American parents who are “exploited,” “blamed” and “eliminated” too. With this, they and their children will also know how to prevent these atrocities from ever happening again. “Operation Walkout” is being “refined, shared and shined” in new ways from moment-to-moment and “11:11” is new as part of this document being refined at different times and released during the final days of June 2025.

For anyone having a hard-time letting go of the invisible barbs, hooks and strings of the “The Trauma Bond” that are deceptively pierced through them and replacing those wounds with the new wings of “awareness, intervention and advocacy” including “validation” in the previously invisible, unsurvivable challenges that you have visibly survived, I challenge you to get as many people together as you would like and talk with me for a few minutes or a few hours. These atrocities are real. They are happening. There is indisputable proof. They are coming for you like they came for my two daughters and me and your neighbors and others and right now, with this knowledge, together, there is still time to save the failing U.S.A. and stop the imposters in better-than-bright ways!

BECAUSE THE CAUSE OF THE IMPOSTER’S  
EYE-SEWING-EAR-GLUING-TONGUE-STAPLING-WIRE-CROSSING-DIVIDED  
-STATES-OF-DYSTOPIA HAS NOW BEEN REVEALED AS WELL AS THE  
STEP-BY-STEP LADDER OUT OF IT, IF YOU VIVACIOUSLY BELIEVE IN

“LIVE AND LET LIVE” AND YOU VIVACIOUSLY PRACTICE THAT, THEN YOU KNOW THAT WE ARE PART OF THE SAME VIVACIOUS TRIBE! GET SEISMICALLY LOUD AND IF YOU HAVEN’T ALREADY “LIKE, SHARE AND POST” THIS FOR OTHERS. TOGETHER, LET’S LEAVE IN OUR GOLDEN SPACE DUST THESE ATROCITIES AND THE SHORT-SIGHTED IMPOSTERS THAT PROLIFERATE THEM.

### USE PERMISSIONS

- 1) For commercial purposes, this document shall be referenced as “Juggernaut Bubblegum” with a fine of \$1 Million Dollars (U.S.) for publicly referring to it as anything else without including the phrase: “Juggernaut Bubblegum.”
- 2) Guidelines for those authorized in sharing this document in respective ways shall reflect this document in it’s content and context and that any party sharing all or part of this document as respectively authorized includes the following phrase legibly or audibly: “Juggernaut Bubblegum is compiled by a kiddo named Michael Dean Jarman, of Utah, U.S.A. who is lucky to be a brother to all kiddos and who is lucky to have all kiddos be a brother to him. He is also lucky to be a father to two kiddos who are also lucky to have him as a father. You got this! :p”
- 3) Yes, the “goofy smiley face” should be included and there should always be room for a goofy smile.
- 4) Reprinting this entire document and distributing it for free to others without any other commercial advertising other than political advertising is authorized.
- 5) Any existing newspaper anywhere may share, digitally or in print, all or part of this document, for revenue generating purposes or otherwise for that newspaper and as part of that newspaper’s print or online editions so long as any part shared in print is in the newspaper’s traditional print format and distributed in that newspaper’s traditional methods as a “newspaper.”
- 6) Any party or group of parties may link to this document or broadcast parts of this document on any digital platform for revenue generating purposes or otherwise.
